**What does a homeowners policy typically cover?**

A homeowners policy helps protect you from a number of things that can go wrong. Here are some of the most common:

**Weather**

Hail, lightning, and other weather events can damage your roof, windows, siding, and more – so can falling branches and other debris.

**Fire**

Whether it's smoke damage from a small kitchen fire or extensive damage from a large, accidental fire, a homeowners policy can help you repair or rebuild your property.

**Theft or vandalism**

A homeowners policy typically covers theft or vandalism of your property. Policies typically include special limits on things such as collectibles, jewelry, and money.

**What isn't covered?**

A homeowners policy covers you for many types of loss or damage, but it can't protect you from everything. Some examples:

**Floods are not covered**

The quoted homeowners policy does not cover flood damage.

**Earthquake coverage is optional**

Damage from earthquakes is not covered, unless you specifically purchase coverage for it. Check under the Optional Coverages and Packages section of your home quote. If you do not see this coverage listed and think you need it, please contact your agent or Travelers representative.

**It's not for home maintenance**

Repairs due to wear and tear or lack of upkeep are not typically covered under a homeowners policy.

**If you have any questions about your quote, please contact your agent or Travelers representative.**
