## You May Want to Consider

To increase the protection provided, you may want to consider the following options:

- **Towing and Labor Costs Coverage** – Provides roadside assistance and towing services in case of a break down. Services include towing, jump starts, delivery of fuel, flat tire, and lockout service.
- **Travel Package** – If you have a claim or mechanical/electrical breakdown occurring more than 100 miles away from home, this package will reimburse you for reasonable expenses incurred. This includes transportation to your destination or home, lodging and meals. You must have Comprehensive and Collision coverage on at least one vehicle in order to add this coverage.
- **Ride Share** – This option extends all of the coverages of your policy for accidents that occur while you are using your auto for ridesharing or driving for a Transportation Network Company (TNC) such as Uber.
