Recommended Coverages

Some excellent choices have already been made to cover your business. We know there may be other protections you'd like to know about. So take a look at these coverages you may also be interested in.

Please note that the estimated premium amounts indicated below are based on information provided during the quote process and certain assumptions including coverage limits.

WHAT IT'S CALLED	WHAT IT COSTS	WHAT IT IS	WHY YOU SHOULD ADD THIS
Umbrella	\$448 per year	This adds a valuable layer of coverage over and above your primary policies. And in some cases, it also provides additional protections for losses that are not covered or excluded from your underlying coverage.	You'll get coverage that can help protect you in the event a loss costs more than your limits, or it's not covered by your underlying policies.
Hired Auto and Non-Owned Auto	\$120 per year	If your business does not own any autos, you may purchase this coverage. This coverage will protect you when you use non-owned autos such as your employee's cars for business purposes, or if you hire rent or borrow an auto.	This can help protect you if your employees use their auto to run work-related errands or if you rent an auto in connection with your business.
Electronic Media Liability	\$22 per year	Electronic Media Liability has a package of coverages which expands the personal and advertising injury coverages to help protect you from some internet-related personal and advertising injuries.	This extends some personal and advertising liability protections to your online activities on your website, your chat room, and your bulletin board.
Data Breach	\$201 per year	This covers your costs for responding to a data breach. This can include things like hiring a forensic firm to investigate the data breach, notifying affected parties, providing credit monitoring and other costs. When Defense and Liability coverage is selected, this also covers you if you're sued as the result of a data breach. We'll pay to protect you by defending you in a lawsuit and paying a judgment up to your limit.	Any business that handles Personally Identifiable Information (PII) could be subject to a data breach claim. Even if you never use computers, you could still have paper files and other records that, if lost or stolen, can lead to a data breach. This helps take care of this cost if that happens.

Mandatory disclosure: insuring against terrorism

Terrorism Premium: \$11

Protecting your business means preparing for risks – even unlikely ones. Your policy includes coverage in the event of a terrorist attack. In order to offer that coverage, we are required to provide you the following disclosure about your premiums, coverage and related information.

Terrorism Coverage and Premium

In accordance with the federal Terrorism Risk Insurance Act (as amended “TRIA”), we are required to make coverage available under your policy for “certified acts of terrorism.” The actual coverage provided by your policy(ies) will be limited by the terms, conditions, exclusions, limits, and other provisions of your policy(ies), as well as any applicable rules of law.

The portion of your premium attributable to terrorism coverage is shown above or in the premium section(s) of this quote proposal or binder.

Definition of Certified Act of Terrorism

A “certified act of terrorism” means an act that is certified by the Secretary of the Treasury, in accordance with the provisions of TRIA, to be an act of terrorism under TRIA. The criteria contained in TRIA for a “certified act of terrorism” include the following:

1. The act results in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to TRIA; and
2. The act results in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and
3. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States government by coercion.

Disclosure of Federal Share of Terrorism Losses under TRIA

The United States Department of the Treasury will reimburse insurers for 80% of insured losses that exceed the applicable insurer deductible.

However, if aggregate industry insured losses under TRIA exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion. The United States government has not charged any premium for their participation in covering terrorism losses.

Cap on Insurer Liability for Terrorism Losses

If aggregate industry insured losses attributable to “certified acts of terrorism” under TRIA exceed \$100 billion in a calendar year, and we have met, or will meet, our insurer deductible under TRIA, we shall not be liable for the payment of any portion of the amount of such losses that exceed \$100 billion. In such case, your coverage for terrorism losses may be reduced on a pro-rata basis in accordance with procedures established by the Treasury, based on its estimates of aggregate industry losses and our estimate that we will exceed our insurer deductible.

In accordance with the Treasury’s procedures, amounts paid for losses may be subject to further adjustments based on differences between actual losses and estimates.

Note to Producer on TRIA: The premium for terrorism coverage and the TRIA disclosures above must be provided to the insured or prospect at the time of quoting. If you are not using this quote proposal, you can use The Hartford’s stand-alone TRIA disclosure form for quotes and binders, which is available on the EBC or from the company.
