Part M - Agreement & Authorization

I represent all information in this application or an amendment, including all Social Security Numbers, and any medical exam is complete and true. I understand all such information and this application shall be part of any policy issued.

I understand and agree that all answers given above and in any medical exam are to the best of my knowledge and belief complete and true. All such answers and this application shall be part of any contract issued. I have read the PRENOTIFICATIONS, including the notices required by the Fair Credit Reporting Act and MIB, Inc. ("MIB"). To the extent allowed by law, I waive all rights governing disclosure of medical exams or treatment. I authorize any medical practitioner or facility, insurer, MIB and any other organization or person that has any records or knowledge of me or my health to give such information to the Company or its reinsurers. I authorize the Company to request a copy of my driving record(s) from the state motor vehicle department. I understand and I authorize the Company, or its reinsurers, to make a brief report of my personal health information to MIB. This authorization is valid for 30 months (or the length of time as per state regulation) from the date signed and a photocopy shall be as valid as the original. I also certify, under the penalties of perjury, that the Social Security Number of the Proposed Insured and Applicant/Owner (if different) is correct.

I wish to be interviewed if an investigative consumer report is prepared.

The Company may make administrative corrections and changes to this application and attach them as an amendment to the policy at issue. Acceptance of any policy issued on this application will ratify and will be notice of any such change made. I understand and agree that: (1) I will notify the Company if any statement or answer given in this application changes prior to delivery and acceptance of the policy; and (2) Except as otherwise stated in any Conditional Receipt, no insurance will take effect unless the first full modal premium is paid and a policy is delivered and accepted while the health and insurability of any proposed insured continues, without material change, to be as represented in the application.

The Agent taking this application has no authority to make, change or discharge any contract hereby applied for. The Agent may not extend credit on behalf of the Company. No statement made to or information acquired by any representative of the Company shall bind the Company unless set out in writing in this application.

WARNING: IT IS A CRIME TO PROVIDE FALSE OR MISLEADING INFORMATION TO AN INSURER FOR THE PURPOSE OF DEFRAUDING THE INSURER OR ANY OTHER PERSON. PENALTIES MAY INCLUDE IMPRISONMENT AND/OR FINES. IN ADDITION, AN INSURER MAY DENY INSURANCE BENEFITS IF FALSE INFORMATION MATERIALLY RELATED TO A CLAIM WAS PROVIDED BY THE APPLICANT.

Benefit Distribution Option Rider Disclosure Statements:

- Under this rider, all or a portion of the policy's Death Benefit proceeds that become payable will be paid as a set of Benefit Payments to the Beneficiary. The Beneficiary of the policy will not be able to change the terms in which the Benefit Payments are paid out.
- A request to increase the Policy's base Face Amount in accordance with its provisions which has been underwritten and approved by us may also include a request to terminate the Benefit Distribution Option.
- In accordance with IRS rules and regulations, a portion of each Benefit Payment is reportable as interest income that may be taxable. We will annually report this interest income to the Beneficiary and the IRS as required.

The Underwriting Process and Consumer Rights

Thank you for your application. A primary goal of National Life Insurance Company and Life Insurance Company of the Southwest (the Company) is to provide insurance protection that best meets your needs and to service these needs through the years. To keep costs at a minimum, we evaluate every proposed insured to be sure that the premium rate for each person is in relation to each person's fair share of the cost.

This evaluation - the underwriting process - may consist of a physical examination, review of medical history and reports from physicians or medical facilities which you have visited for treatment or consultation. In addition, a routine investigative consumer report is sometimes obtained.

We also check the records of the MIB, Inc. ("MIB"). The MIB is a nonprofit membership organization of life insurance companies which operates an information exchange on behalf of its members. The basic purpose of this organization is the protection of policyholders of member companies. It is not a repository of medical records. The information in its files serves only as an indication that additional data may be needed to evaluate the risk. No member company can refuse coverage on the basis of this information, nor does the information reveal whether an application was approved, rated or declined.

This program helps to assure that the true cost of the insurance is shared proportionately. Consumer rights bearing on insurance cost, needs and service are just as important to us as they are to you.

Prenotification - Investigative Consumer Report

This is to inform you in compliance with Public Law 91-508, known as the Fair Credit Reporting Act, that as part of our processing procedure for your insurance application an investigative consumer report may be made. This means information is obtained through personal interviews with third parties such as family members, business associates, financial sources, friends, neighbors or others with whom you are acquainted. This report may include information as to your character, general reputation, personal characteristics and mode of living. You have the right to make a written request within a reasonable period of time for a complete and accurate disclosure of additional information concerning the nature and scope of the investigation.

Prenotification - Personal History Interview

To obtain the information described in Investigative Consumer Report Prenotification, the Company may telephone you directly for a Personal History Interview. An Administrative Office interviewer may phone you to review and clarify information you provided on your application and to ask additional questions which will aid in considering your application.

Whenever possible, calls will be made at your convenience and to the telephone number you have provided. A separate form contains the information we need to complete the call. If for any reason it is necessary to make a change, please let your Agent know promptly.

Prenotification - MIB, Inc. ("MIB")

Information regarding your insurability and/or any past or future claims will be treated as confidential. The Company or its reinsurers may, however, make a brief report to the MIB. If you apply to another MIB member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, the MIB, upon request, will supply such company with the information in its file.

Upon receipt of a request from you, the MIB will arrange disclosure of any information it may have in your file. Medical information can be released to you or to your attending physician. If you question the accuracy of information in the MIB's file, you may contact the MIB and seek a correction in accordance with the procedures set forth in the Federal Fair Credit Reporting Act. The address of the Bureau's information office is 50 Braintree Hill, Suite 400, Braintree, MA 02184-8734, telephone number: (866) 692-6901, website: www.mib.com.

The Company may also release information in its files to its reinsurers and to other life insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.

NOTICE AND CONSENT FORM FOR TESTING TO DETERMINE EXPOSURE TO THE CAUSATIVE AGENT OF AIDS

Insurer Name and Address:

Dear Proposed Insured:

To evaluate eligibility for insurance coverage, it is requested that a sample of blood, oral and/or urine specimen be provided for testing to determine the probable causative agents of AIDS. Before an insurer can request a specimen and perform a test, the insurer must explain the testing protocols, as established by the Director of the District of Columbia Department of Health. The insurer is also required to obtain a written consent statement from the applicant for insurance confirming that the insurer has complied with its obligations.

The signing of this form indicates that the procedure used in implementing this test has been explained and has been shown to be in full compliance with the protocol currently adopted by the Director of the Department of Health. Additionally, by signing and dating this form, it is agreed that this test may be performed and that an underwriting decision may be based on the test results.

No insurer shall request or require you to take the testing protocol without first obtaining you or your legal guardian's signature on this consent form. You have the right to decide not to be tested and not to sign this form. Once the insurance company has asked you to sign this consent form, you or your legal guardian may wait 14 days before signing this informed consent.

In the event the test result is positive, the Department of Health recommends that you or your child are immediately put in contact with an HIV (infectious disease) provider. Please see page 3 for further information.

DISCLOSURE OF TEST RESULTS:

All information regarding the performance of the test, including the test results, will be treated confidentially. The results of the test will be reported to the insurer identified on this form; the applicant or his or her legal guardian; a physician or health care provider if designated on this form by the applicants; a court of competent jurisdiction pursuant to a lawful court order; any person or entity involved solely in the underwriting process; and any other person or entity expressly named and given separate written authorization by the applicant. Results of the test shall not be otherwise disclosed.

MEANING OF POSITIVE TEST RESULTS:

Positive test results may adversely affect your application for insurance. This means that your application may be declined, an increased premium may be charged or other changes may be necessary.

SIGNATURE AND WRITTEN CONSENT

I have read and I understand this Notice and Consent Form. I voluntarily consent to having an AIDS test performed and disclosed as described above. I understand that I have the right to request and receive a copy of this form. A certified photocopy of this form may serve and be deemed as valid as the original.

NOTICE OF RIGHT OF APPEAL:

We are required by law to provide you with the following information:

An applicant for insurance who tests positive under this testing protocol certified by the Director of the Department of Health may appeal to the Commissioner of the Department of Insurance, Securities and Banking to review the testing procedures and results, and may present additional medical evidence, including the result of similar tests for exposure to the probable causative agent of AIDS that the named applicant independently obtains. The Commissioner of the Department of Insurance, Securities and Banking can be reached at the following address: 810 First Street, NE, Suite 701, Washington, DC, 20002.

NOTICE AND CONSENT FORM FOR TESTING TO DETERMINE EXPOSURE TO THE CAUSATIVE AGENT OF AIDS - Continued

HIV TEST FOR SCREENING AND DIAGNOSIS:

As HIV testing technology progresses and the District of Columbia Department of Health updates its recommendations, the Department of Insurance, Securities and Banking reserves its right to modify its minimum standard for testing protocols. Insurance issuers paying for the administration of the test must comply accordingly with the Department's minimum standards.

There are three types of HIV diagnostic tests: antibody tests, antigen/antibody tests, and nucleic acid (RNA) tests. Antibody tests detect antibodies, proteins that your body makes against HIV, not HIV itself. Antigen tests and RNA tests detect HIV directly.

The current testing protocol required in the District of Columbia is as follows:

Initial Test: Tests for HIV shall be conducted with an FDA-approved antigen/antibody combination (4th generation) immunoassay¹ that detects HIV-1 and HIV-2 antibodies and HIV-1 p24 antigen to screen for established infection with HIV-1 or HIV-2 and for acute HIV-1 infection. No further testing is required for specimens that are nonreactive on the initial immunoassay.

Rationale: Initial testing with a 4th generation antigen/antibody combination immunoassay detects more acute HIV-1 infections than initial testing with a 3rd generation antibody immunoassay and identifies comparable numbers of established HIV-1 and HIV-2 infections, with comparable specificity.

Blood tests can detect HIV infection sooner after exposure than oral fluid tests because the level of antibody in blood is higher than it is in oral fluid. Likewise, antigen/antibody and RNA tests detect infection in blood before antibody tests. Some newer antigen/antibody lab tests can sometimes find HIV as soon as 3 weeks after exposure to the virus. No antigen/antibody or RNA tests are available for oral fluid.

Follow-up Testing: HIV tests are generally very accurate, but follow-up testing allows you and your health care provider to be sure the diagnosis is right. Specimens with a reactive antigen/antibody combination immunoassay result (or repeatedly reactive, if repeat testing is recommended by the manufacturer or required by regulatory authorities) should be tested with an FDA-approved antibody immunoassay that differentiates HIV-1 antibodies from HIV-2 antibodies. Reactive results on the initial antigen/antibody combination immunoassay and the HIV-1/HIV-2 antibody differentiation immunoassay should be interpreted as positive for HIV-1 antibodies, HIV-2 antibodies, or HIV-1 and HIV-2 antibodies, undifferentiated.

Rationale: Use of the HIV-1/HIV-2 antibody differentiation assay after a reactive initial 4th generation HIV-1/HIV-2 antibody immunoassay detects HIV-1 antibodies earlier than the HIV-1 Western blot, reduces indeterminate results, and identifies HIV-2 infections. Turnaround time for test results is shorter and the cost is lower for the HIV- 1/HIV-2 antibody differentiation assay compared with the HIV-1 Western blot. Available evidence is insufficient to recommend specific additional testing, without clinical follow-up, for specimens that are dually reactive for HIV-1 and HIV-2 antibodies on the differentiation immunoassay.

PROPORTION OF FALSE POSITIVE RESULTS EXPECTED:

According to the Centers for Disease Control and Prevention clinical data submitted by the manufacturers of Human Immunodeficiency Virus (HIV) antibody tests to the Food and Drug Administration (FDA) for licensure indicate that sensitivity and specificity of tests currently marketed in the United States are greater than 99%.

All blood, oral fluid and protocols licensed by the FDA follow the same test algorithm: specimens are tested singly by either a screening enzyme immunoassay or a 4th generation antigen/antibody combination assay, and if found reactive are retested in duplicate. If either duplicate is reactive, the specimen is considered repeatedly reactive and is submitted for further testing using either a FDA approved multi-spot test or an HIV-1/HIV-2 antibody differentiation immunoassay. Specimens found reactive by this second test are reported as positive for HIV antibodies. Although a positive result indicates infection with HIV, a diagnosis of Acquired Immunodeficiency Syndrome (AIDS) can only be made clinically if a person meets the case definition of AIDS established by the Centers for Disease Control and Prevention¹.

Data from multiple studies on 4th generation HIV tests demonstrated an overall sensitivity of 99.9-100%. Thus the achievable false-positive rate of sequentially performed 4th generation tests can be less than 0.1% or less than 1/1,000 persons tested.

¹ Exception: As of April 2014, data are insufficient to recommend use of the FDA-approved single-use rapid HIV- 1/HIV-2 antigen/antibody combination immunoassay as the initial assay in the algorithm.

Disclosure Statement for Accelerated Benefits (Terminal Illness, Chronic Illness, Critical Illness & Critical Injury)

Accelerated Benefits are payments made to the Owner while the Insured is living in lieu of payment of all or a portion of the death benefit that would otherwise be paid at the Insured's death. The Owner must apply for the Accelerated Benefits and must show the required proof stated in the Accelerated Benefits Rider attached to the policy. The condition under which accelerated benefits may be elected varies by rider as described below.

NOTE: Your policy may not be eligible for coverage under all the Accelerated Benefits Riders described below. Please check your policy for details on each Accelerated Benefits Rider that is included in your policy and the insured(s) covered under each rider.

Accelerated Benefits Rider for Terminal Illness

Benefits may be elected under this rider if the Insured is Terminally III. Terminally III means that the Insured has been certified by a Physician as having an illness or chronic condition which can reasonably be expected to result in death in 24 months or less from the date of the certification.

Accelerated Benefits Rider for Chronic Illness

Benefits may be elected under this rider if the Insured is Chronically III. Chronically III means that the Insured has been certified, within the last 12 months, by a Licensed Health Care Practitioner as:

1. being unable to perform without substantial assistance from another person at least two Activities of Daily Living for a period of at least 90 consecutive days; or
2. requiring substantial supervision for a period of at least 90 consecutive days by another person to protect oneself from threats to health and safety due to severe cognitive impairment.

The Activities of Daily Living are bathing, continence, dressing, eating, toileting, and transferring.

No Application for Election of Accelerated Benefits will be accepted under Accelerated Benefits Rider for Chronic Illness during the first two years that it is in effect.

Accelerated Benefits Rider for Critical Illness

Benefits may be elected under this rider if the Insured has experienced a covered Critical Illness Qualifying Event. The Critical Illness Qualifying Events covered under this rider are:

1. **Aorta Graft Surgery:** A definite diagnosis by a Specialist that surgery is medically necessary for disease or trauma to the aorta requiring excision and surgical replacement of the diseased or traumatized aorta with a graft. Aorta refers to the thoracic and abdominal aorta but not its branches. The Insured must survive for 30 days following the Date of Diagnosis.
2. **Aplastic Anemia:** A definite diagnosis of a chronic persistent bone marrow failure, confirmed by biopsy, which results in anemia, neutropenia and thrombocytopenia requiring blood product transfusion, and treatment with at least one of the following: a) Marrow stimulating agents; b) Immunosuppressive agents; c) Bone marrow transplantation. The diagnosis of Aplastic Anemia must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.
3. **Blindness:** The total and permanent loss of sight in both eyes as a result of disease or injury. Total loss of sight in an eye is defined as corrected vision of 20/200 or worse.
4. **Cancer:** A definite diagnosis of a disease manifested by the presence of one or more malignant tumors and characterized by the uncontrolled growth and spread of malignant cells and the invasion of normal tissue.

Diagnosis of Cancer must be established according to the criteria of malignancy established by The American Board of Pathology after a study of the histocytologic architecture or pattern of the suspect tumor, tissue, or specimen. The Insured must survive for 90 days following the Date of Diagnosis.

Exclusion: No benefit will be payable under this condition for: a) Any non-melanoma skin cancer, except those with distant lymph node metastasis; or b) Pre-malignant lesions, benign tumors, or dysplasias; or c) Carcinoma in-situ; or d) Localized non-invasive cancers such as, but not limited to: i. Thyroid cancers less than Stage 4; or ii. Early prostate cancer diagnosed as T1N0M0 or equivalent staging including T2a unless the Gleason score is higher than 6; or iii. Chronic lymphocytic leukemia classified as Rai Stage 0; or iv. Noninvasive papillary cancer of the bladder AJCC TaN0M0.

5. **Cystic Fibrosis:** A definitive diagnosis of Cystic Fibrosis with evidence of chronic lung disease and pancreatic insufficiency. The diagnosis must be made by a Specialist and must be made before the Insured's 20th birthday. The Insured must survive 30 days following the Date of Diagnosis.

6. **Diagnosis of ALS (Amyotrophic Lateral Sclerosis):** A definite diagnosis of ALS made by a Specialist. There must be permanent clinical impairment. Permanent clinical impairment is the situation in which the clinical specialist notes that the impairment caused by the condition is not reversible and hence permanent. The Insured must survive for 30 days following the Date of Diagnosis.
7. **End Stage Renal Failure:** A definite diagnosis of chronic irreversible failure of both kidneys to function, which necessitates regular haemodialysis or peritoneal dialysis continuously for a period of at least 6 months or result in renal transplantation. The diagnosis of Kidney Failure must be made by a Specialist. The Insured must survive 30 days following the Date of Diagnosis.
8. **Heart Attack:** A definite diagnosis of the death of a portion of the heart muscle resulting from inadequate blood supply to the relevant area. The diagnosis of Heart Attack must be made by a Specialist, supported by symptoms clinically accepted as consistent with the diagnosis of an acute myocardial infarction and at least one of the following conditions: a) New characteristic electrocardiographic changes; or b) The characteristic rise above laboratory accepted normal values of biochemical cardiac specific markers such as CK-MB or cardiac troponins; or c) An abnormal myocardial perfusion or other scan showing characteristic findings of new heart muscle death; or d) An echocardiogram with new wall abnormalities indicating new heart muscle death. The Insured must survive for 30 days following the Date of Diagnosis.
- Exclusion: No benefit will be payable under this condition for other acute coronary syndromes including but not limited to angina.
9. **Heart Valve Replacement:** A definite diagnosis determined by a Specialist that surgery is medically necessary to replace any heart valve with either a natural or mechanical valve. The Insured must survive 30 days following the Date of Diagnosis.
10. **Major Organ Transplant:** A definite diagnosis of the irreversible failure of any of the following organs or tissues: heart, both lungs, liver, both kidneys, pancreas, or bone marrow, and transplantation must be medically necessary. To qualify under Major Organ Transplant, a Transplant specialist must document that transplantation is necessary and the Insured must be placed on a transplant list as the recipient of a heart, lung, liver, kidney, pancreas or bone marrow, and limited to these entities. The Insured must survive 30 days following the Date of Diagnosis.
11. **Motor Neuron Disease:** A definite diagnosis of one of the following conditions and is limited to these conditions: a) Primary lateral sclerosis; or b) Progressive spinal muscular atrophy; or c) Progressive bulbar palsy; or d) Pseudo bulbar palsy. There must be permanent clinical impairment. Permanent clinical impairment is the situation in which the clinical specialist notes that the impairment caused by the condition is not reversible and hence permanent. The diagnosis of Motor Neuron Disease must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.
12. **Stroke:** A definite diagnosis of an acute cerebrovascular accident or infarction (death) of brain tissue caused by hemorrhage, embolism, or thrombosis resulting in neurological deficit with persistent clinical symptoms for at least 30 consecutive days following the occurrence of the Stroke, and also resulting in either: a) Permanent Neurological Deficit with Persisting Clinical Symptoms that are expected to last throughout the Insured's life; or b) Definite evidence of death of brain tissue or hemorrhage on a brain scan. The diagnosis of Stroke must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.
- Exclusion: No benefit will be payable under this condition for: a) Transient ischemic attacks; or b) Intracerebral vascular events due to trauma; or c) Lacunar infarcts which do not meet the definition of Stroke as described above; or d) Asymptomatic silent stroke found on imaging.
13. **Sudden Cardiac Arrest:** Defined as the sudden loss of heart function with interruption of blood circulation around the body resulting in unconsciousness and requiring resuscitation. After resuscitation, treatment may include: a) Surgical implantation of an Implantable Cardioverter-Defibrillator (ICD); or b) Surgical implantation of a Cardiac Resynchronization Therapy with Defibrillator (CRT-D); or c) Electrophysiological mapping with radio frequency ablation; or d) Cardiac surgery; or e) Long-term medication therapy.
- Exclusion: No benefit will be payable under this condition for: a) Insertion of a pacemaker; or b) Insertion of a defibrillator without cardiac arrest; or c) Cardiac arrest resulting directly from alcohol or drug abuse. The Insured must survive for 30 days following the date of Sudden Cardiac Arrest.

Accelerated Death Benefits Rider for Critical Injury

Benefits may be elected under this rider if the Insured has experienced a Critical Injury Qualifying Event. The Critical Injury Qualifying Events covered under this rider are:

1. **Coma:** A definite diagnosis of a state of unconsciousness with no reaction to external stimuli or response to internal needs for a continuous period of at least 96 hours, which: a) Has a Glasgow Coma score of 4 or less; and b) Requires the use of life support systems; and c) Results in Permanent Neurological Deficit with Persisting Clinical Symptoms that are expected to last throughout the Insured's life. The diagnosis of Coma must be made by a Specialist.
- Exclusion: No benefit will be payable under this condition for: a) A medically induced Coma; or b) A Coma which results directly from alcohol or drug abuse.
2. **Paralysis:** Defined as Quadriplegia, Paraplegia or Hemiplegia that has been present for 90 days from the Date of Diagnosis confirmed by a Specialist and which is expected to be permanent without expectation of recovery. a) Quadriplegia means the complete and irreversible Paralysis of both upper and lower Limbs. b) Paraplegia means the complete and irreversible Paralysis of both lower Limbs. c) Hemiplegia means the complete and irreversible Paralysis of the upper and lower Limbs of the same side of the body. d) Limb means entire arm or entire leg.
3. **Severe Burns:** A definite diagnosis of third degree burns covering at least 30% of the body's surface area or 30% of the area of the face or head. The diagnosis of Severe Burns must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.

Disclosure Statement for Accelerated Benefits (Terminal Illness, Chronic Illness, Critical Illness, Critical Injury) - Continued

- 4. **Traumatic Brain Injury:** A definite diagnosis of damage to brain tissue due to Traumatic Brain Injury, which: a) Has a Glasgow Coma score of 12 or less in the first 48 hours after injury; and b) Has skull fracture, brain contusion or hemorrhage on CT scan of head; and c) Results in a Permanent Neurological Deficit with Persisting Clinical Symptoms that are expected to last throughout the Insured's life.

The diagnosis of Traumatic Brain Injury must be made by a Specialist. The Insured must survive for 60 days following the Date of Diagnosis.

Exclusion: No benefit will be payable under this condition for: a) Mild Traumatic Brain Injury; or b) Traumatic Brain Injury due to repetitive head trauma; or c) Traumatic Brain Injury which results directly from intentional self-inflicted injury.

No Accelerated Benefit will be paid under the Critical Illness Rider or the Critical Injury Rider for any Qualifying Event that occurs on or before the 30th day following its effective date of the rider unless such Qualifying Event directly results from accidental injury. No Accelerated Benefit will be paid under either rider for any Qualifying Event that directly results from self-inflicted injury or attempted suicide. This benefit is underwritten and may not be available on your policy.

The Owner may elect to accelerate all or a portion of the Insured's death benefit in force on the election date. **The Company reserves the right to set a maximum death benefit that may be accelerated under all Accelerated Benefits Riders on the life of the Insured. This maximum limit will be no less than \$500,000. If the Insured becomes eligible for benefits under Accelerated Benefits Rider for Chronic Illness, the death benefit that may be accelerated in any year will also be subject to a maximum amount.**

Accelerated Benefits are paid as a lump sum. The amount paid is calculated as the present value of the death benefit accelerated, less an adjustment for future premiums, and less an administrative fee. The benefit will first be used to pay a pro rata share of any outstanding debt to us. The benefit will never exceed the death benefit being accelerated. It will never be less than the cash surrender value, if any, that corresponds to the death benefit accelerated.

The Insured's death benefit in force will be reduced each time an Accelerated Benefit is paid. The reduction will equal the portion of the death benefit that is accelerated on the election date. The face amount, and any accumulated value, cash surrender value, and outstanding debt will also be reduced. Each of these will be reduced in the same proportion as the reduction in the death benefit. The premiums and charges for any remaining life coverage will be determined as if the contract had been originally issued at the reduced face amount.

Payment of Accelerated Benefits will reduce the death benefit otherwise payable under the policy. Receipt of Accelerated Benefits may be a taxable event. Please consult your personal tax advisor to determine the tax status of any benefits paid under this rider.

HIPAA Compliant Authorization
 for Release of Health-Related and Other Information

I authorize any health plan, physician, health care professional, hospital, clinic, laboratory, pharmacy, medical facility, prescription benefit manager, or other health care provider that has provided payment, treatment or services to me or on my behalf within the past 10 years (collectively, "My Providers") to disclose my entire medical record, prescription drug information, and any other protected health information concerning me to National Life Insurance Company and Life Insurance Company of the Southwest (collectively, "The Company") and The Company's agents, employees, reinsurers, and representatives. I further authorize MIB, Inc. to disclose to The Company, or its reinsurers, any knowledge of me or my health, and any other protected health information concerning me. This includes information on the diagnosis or treatment of Human Immunodeficiency Virus (HIV) infection and sexually transmitted diseases. This also includes information on the diagnosis and treatment of mental illness and the use of alcohol, drugs and tobacco, but excludes psychotherapy notes. I further authorize The Company to re-disclose any protected health information or other knowledge or records concerning me to The Company's reinsurers and to MIB, Inc., which operates an information exchange on behalf of life and health insurance companies. I further authorize the Company to request a copy of my driving record(s) from the state motor vehicle department (collectively, "DMVs").

By my signature below, I acknowledge that any agreements I have made to restrict my protected health information do not apply to this Authorization and I instruct My Providers to release and disclose my entire medical record without restriction. I also acknowledge that I have read the PRENOTIFICATIONS, including the notices required by the Fair Credit Reporting Act and MIB, Inc. ("MIB").

The protected health information and driving records are to be disclosed under this Authorization so that The Company may: (1) underwrite my application for coverage, make eligibility, risk rating, policy issuance and enrollment determinations; (2) obtain reinsurance; (3) administer claims and determine or fulfill responsibility for coverage and provision of benefits; (4) administer coverage; and (5) conduct other legally permissible activities that relate to any coverage I have or have applied for with The Company.

This Authorization shall remain in force for 30 months following the date of my signature below, and a copy of this Authorization is as valid as the original. I understand that I have the right to revoke this Authorization in writing, at any time, by sending a written request for revocation to National Life Insurance Company or Life Insurance Company of the Southwest, Centralized Mailing Address, One National Life Drive, Montpelier, VT 05604, Attention: Privacy Officer. I understand that a revocation is not effective to the extent that any of My Providers or DMVs has relied on this Authorization or to the extent that The Company has a legal right to contest a claim under an insurance policy or to contest the policy itself. I understand that any information that is disclosed pursuant to this Authorization may be re-disclosed and no longer covered by federal rules governing privacy and confidentiality of health information or driving records.

HIPAA Compliant Authorization - for Release of Health-Related and Other Information

I understand that My Providers may not refuse to provide treatment or payment for health care services if I refuse to sign this Authorization. I further understand that if I refuse to sign this Authorization to release my complete medical record and driving records, The Company may not be able to process my application, or if coverage has been issued, may not be able to make any benefit payments. I acknowledge that I have received a copy of this Authorization.

Description of Personal Representative's Authority or Relationship to Patient:

Questions & Answers about Release of Protected Health Information to a Life or Disability Income Insurer.

1. May I release complete personal medical information to a life or disability income insurance company?

Yes. As you did before the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule became effective, a medical care provider may disclose complete Protected Health Information (PHI) to organizations not subject to the Privacy Rule as long as the applicant has signed a HIPAA compliant authorization.

2. Does the "minimum amount necessary" rule apply to this release to a life or disability income insurer?

No. The "minimum amount necessary" rule does not apply as long as a HIPAA compliant authorization is signed. This question was specifically addressed by Health and Human Services (HHS) in a Q and A published December 4, 2002: "Uses and disclosures that are authorized by the individual are exempt from the minimum necessary requirements. For example, if a covered health care provider receives an individual's authorization to disclose medical information to a life insurer for underwriting purposes, the provider is permitted to disclose the information requested on the authorization without making any minimum necessary determination. The authorization must meet the requirements of 45 CFR 164.508."

3. Can an insurer request disclosure of a person's "entire" medical record or does it have to refer to specific items in a medical file only?

Yes. HIPAA allows insurers to seek and providers to disclose a person's entire medical record, if the authorization used clearly states that the entire medical record is to be disclosed (e.g., "I authorize you to disclose my entire medical record.")

4. Does HIPAA mandate the use of one specified form of authorization by everyone?

No. HIPAA requires that certain specified "elements" be included in a valid authorization to disclose protected health information. HIPAA does not mandate that a specific form be used. Both covered and non-covered entities are free to use any format they wish so long as it is compliant with HIPAA's requirements. The signed authorization contains all of the elements required by HIPAA.

5. What should I do if I had previously agreed to a restriction and now receive an authorization to release the "entire medical record?" Does the authorization cover PHI that was restricted?

You may release all medical records, restricted and otherwise if a patient has previously requested a restriction and later signs an authorization which removes the restriction. The wording of this authorization specifically releases any restricted information.

This HIPAA compliant authorization and Questions and Answers were created by the American Council of Life Insurers.

Protect Those Who Depend On You

Our term life insurance is an affordable way to provide financial security for those who depend on you. It can give you the peace of mind that comes with knowing your loved ones will be protected in the event you die prematurely. Our optional Accelerated Benefit Riders can help you financially if you suffer from a qualifying Terminal, Chronic, Critical Illness or Critical Injury¹.

Our term products may be ideal for those who:

- Want low cost life insurance with guaranteed² premiums for a specified period of time.
- Want additional death benefit to supplement permanent life coverage.
- Require a larger amount of insurance but it isn't within your budget right now.
- Are interested in purchasing term life insurance at a low cost and have the option of converting to a permanent policy in the future with no additional evidence of insurability³.
- Are interested in purchasing term life insurance with optional riders that can provide living benefits in the event of an illness that is terminal, chronic, or critical, or in the event of a critical injury.

The death benefit can be used to:

- Protect your home
- Protect your children until they are grown
- Protect your business
- Protect your family now at an affordable cost with the option to convert to permanent in the future
- Help fund college tuition
- Help supplement a spouse's income

We can help
you meet your
insurance
needs.

1 Accelerated Benefit Riders are optional, available with no additional premium, and may not be available in all states. Please refer to the Narrative Summary for details regarding the Accelerated Benefit Riders available in the state selected for this presentation.

2 Guarantees are dependent upon the claims-paying ability of the issuing company.

3 Additional coverage or additional riders added to the converted policy may require additional underwriting. All riders may not be available in all states or on all products.

Conversion Privileges

If your needs change, convert from Term to Permanent Insurance

No cost conversion feature allows you to convert your term policy to a Life Insurance Company of the Southwest permanent insurance product with no additional evidence of insurability.

The conversion period ends 15 years from the term policy date of issue or age 70 if sooner. Unlike term insurance, permanent insurance builds cash value which can be accessed using policy loans and withdrawals during your lifetime for emergencies, to take advantage of opportunities, or to supplement your retirement income.

The new permanent policy will be issued at an equivalent rate class regardless of changes in health.

The use of one benefit may reduce or eliminate other policy and rider benefits.

Riders are optional and may require additional premium.

The optional Accelerated Benefit Riders (ABR) offer you flexibility to access your death benefit if you have a qualifying Terminal, Chronic, Critical Illness or Critical Injury¹

Terminal Illness

As an example, if the full, available death benefit is accelerated, the discounted benefit for Logan Carter (Base) would be about **\$106,245** at age **54**.

Chronic Illness

As an example, if the full, available death benefit is accelerated each month, the monthly discounted benefits for Logan Carter (Base) are projected to be:

Age 51: \$1,168 **Age 53:** \$1,257 **Age 55:** \$1,343 **Age 59:** \$1,499

Critical Illness OR Critical Injury

As an example, if the full, available death benefit is accelerated, the discounted benefits for Logan Carter (Base) are projected to be:

Age	Category 1 Minor	Category 2 Moderate	Category 3 Severe	Category 4 Life Threatening
51	\$7,272	\$37,104	\$66,122	\$100,270
53	\$8,330	\$39,755	\$68,170	\$100,236
55	\$9,214	\$42,396	\$70,290	\$100,166
59	\$10,171	\$47,473	\$74,707	\$99,743

You can accelerate up to 100% of the death benefit, subject to an ABR Benefit limit of \$1,500,000 for terminal and chronic illness and an ABR Benefit limit of \$1,000,000 for critical illness and critical injury on the total death benefit accelerated under all policies on the life of the insured. Any claim for critical illness or critical injury benefits for a given Qualifying Event must be filed within 365 days following the occurrence of such Qualifying Event. For chronic illness, the death benefit you can accelerate is subject to a monthly limit to the lesser of 2% of the discounted death benefit or \$30,000. The death benefit will be reduced by the amount of the death benefit you decide to accelerate. A discount factor will be applied to the death benefit accelerated because it is being paid prior to the actual death benefit. As a result, the actual benefit paid will be less than the amount of death benefit accelerated. Please refer to the Narrative Summary for further information about these riders.

The use of one benefit may reduce or eliminate other policy and rider benefits.

The sample benefits shown assume current accelerated benefits mortality table and interest at 6.5%. The benefits and values shown above are not guaranteed. The assumptions on which they are based are subject to change by the insurer. Actual results may be more or less favorable. This presentation is not valid unless accompanied by a complete Statement of Policy Cost and Benefit Information.

Term Life Insurance

Narrative Summary

Logan Carter
 Male 49 Standard Non-Tobacco
 Riders: ABR

Face Amount: \$125,000
Initial Premium: \$47.96 Monthly (EFT)
State: District of Columbia

Plan Description

Term 20-G [Form Series 20522DC], is a term life insurance policy that is annually renewable to age 95. Premiums are level for the first 20 years and increase annually thereafter to attained age 95. This policy has no cash value and no dividends are payable.

This policy is convertible during the first 15 years from the date of issue or until age 70 if earlier, but in no case less than 5 years from date of issue, without evidence of insurability to any single life permanent plan of life insurance then sold by us.

Premium Payment Options

This statement assumes premiums are paid on an monthly electronic funds transfer (EFT) basis and are received at the beginning of each billing period.

Your yearly cost will be higher if you choose to pay premiums more frequently than annually. For example, the additional amount you will pay in the first year is as follows:

Premium Frequency	Number of payments per year	Amount of each premium payment	Total premium per year	Amount you will pay each year in addition to the annual premium
Annual	1	\$545.00	\$545.00	\$0.00
Semi-Annual	2	\$277.95	\$555.90	\$10.90
Quarterly	4	\$141.70	\$566.80	\$21.80
Monthly (EFT/Group Bill)	12	\$47.96	\$575.52	\$30.52

This table illustrates the additional amounts that are required in the first year. Additional amounts will be due in future years if premiums are paid more frequently than annually and may vary from the above example.

Rider Description

The following riders are available at no additional premium:

Accelerated Benefits Rider for Terminal Illness (ABR) [Form Series 8052], allows for the payment of a portion of an insured's death benefit if the insured is terminally ill. Terminally ill means that the insured has been certified by a physician as having an illness or chronic condition which can reasonably be expected to result in death in 24 months or less. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Accelerated Benefits Rider for Chronic Illness (ABR) [Form Series 8095], allows for the payment of a portion of an insured's death benefit if the insured is chronically ill. Chronically ill means that the insured has been certified by a licensed health care practitioner as being unable to perform 2 out of 6 activities of daily living or is cognitively impaired. The activities of daily living are bathing, continence, dressing, eating, toileting, and transferring. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Accelerated Benefits Rider for Critical Illness (ABR) [Form Series 20287], allows for the payment of a portion of the insured's death benefit if the insured experiences a qualifying event covered under the rider. Subject to state approval, the qualifying events may include: aorta graft surgery, aplastic anemia, blindness (corrected vision no greater than 20/200 in both eyes), cancer, cystic fibrosis, diagnosis of ALS (Amyotrophic Lateral Sclerosis), end stage renal failure, heart attack, heart valve replacement, major organ transplant, motor neuron disease, stroke and sudden cardiac arrest. Please see the rider for a complete list of the qualifying events covered. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Accelerated Benefits Rider for Critical Injury (ABR) [Form Series 20288], allows for the payment of a portion of the insured's death benefit if the insured experiences a qualifying event covered under the rider. Subject to state approval, the qualifying events may include: coma, paralysis, severe burns and traumatic brain injury. Please see the rider for a complete list of the qualifying events covered. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Important Information Regarding Optional Accelerated Benefit Riders

Death Benefits, cash values and loan values (for policies with such values) will be reduced if an Accelerated Benefit is paid. The Accelerated Benefits offered under this rider are intended to qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration-of-life-insurance benefits qualify for favorable tax treatment, the benefit will be excludable from your income and not subject to federal taxation. Tax laws relating to acceleration-of-life-insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration-of-life-insurance benefits excludable from income under federal law.

Receipt of acceleration-of-life-insurance benefits may affect your, your spouse's or your family's eligibility for public assistance programs, such as medical assistance (Medicaid), Aid to Families with Dependent Children, and Supplemental Security Income (SSI). You are advised to consult with a qualified tax advisor and with social services agencies concerning how receipt of such payment will affect you, your spouse's and your family's eligibility for public assistance. Riders are optional and may not be available in all states.

We currently limit the amount of benefits that may be paid under all accelerated benefit riders applying to the same insured to \$1,500,000 for terminal and chronic illness and \$1,000,000 for critical illness and critical injury. We reserve the

Definition of Key Terms and Column Headings

Age - The insured's age as of nearest birthday.

Face Amount – The amount used to determine the death benefit.

Guaranteed Contract Premium – The annualized guaranteed maximum premium for the term policy based on the premium mode selected.

Guaranteed Death Benefit – The policy's guaranteed death benefit.

Policy Year – The number of years for which information is being illustrated.

Rate Class – The rate class used in this Statement of Policy Cost and Benefit Information (statement) is Standard Non-Tobacco. The actual rate class will be determined when the application is underwritten and may vary from this statement. If so, a revised statement will be delivered with the policy.

Tax Treatment: The Company will report any eligible distributions, under any accelerated benefits rider, subject to existing IRS guidance and facts at the time of distribution. However, proper tax treatment for any accelerated benefits you receive under this insurance contract depends on a number of factors. These factors include, among others, the provisions of the law, the terms of the contract, and your personal situation at the time payments are made. These factors may permit some or all of the payments to be excluded from income or may require some or all the payments to be included in income for tax purposes. You should consult with your own tax advisor in deciding how to report the payments.

Cost Index Statement: Cost Indexes combine the premium with an interest factor. They are useful only for the purpose of comparing the cost of two or more similar policies, and do not reflect differences in the quality of service that can be expected from the agent of the Company. Explanations of the intended use of the cost indexes is provided in the Life Insurance Buyer's Guide.
