Part L - Sales Illustration Certification (Please check one of the following boxes if applicable.)

- An illustration was not used corresponding to the policy as applied for and will be provided upon policy delivery.
- An illustration was used and signed which corresponds with the policy as applied for and is attached.
- An illustration was **viewed** on a computer screen; and if use is allowed in this state, the "Computer View Illustration Certification" form is attached. An illustration corresponding to the policy as issued will be provided upon policy delivery. (The Computer View Illustration Certification form is not allowed in: HI, ID, IL, MD, MI, MN, NE, NV and WA.)

Part M - Agreement & Authorization

I represent all information in this application or an amendment, including all Social Security Numbers, and any medical exam is complete and true. I understand all such information and this application shall be part of any policy issued.

I understand and agree that all answers given above and in any medical exam are to the best of my knowledge and belief complete and true. All such answers and this application shall be part of any contract issued.

I have read the PRENOTIFICATIONS, including the notices required by the Fair Credit Reporting Act and MIB, Inc. ("MIB").

To the extent allowed by law, I waive all rights governing disclosure of medical exams or treatment. I authorize any medical practitioner or facility, insurer, MIB and any other organization or person that has any records or knowledge of me or my health to give such information to the Company or its reinsurers. I authorize the Company to request a copy of my driving record(s) from the state motor vehicle department. I understand and I authorize the Company, or its reinsurers, to make a brief report of my personal health information to MIB. This authorization is valid for 30 months (or the length of time as per state regulation) from the date signed and a photocopy shall be as valid as the original.

I also certify, under the penalties of perjury, that the Social Security Number of the Proposed Insured and Applicant/Owner (if different) is correct.

I wish to be interviewed if an investigative consumer report is prepared.

The Company may make administrative corrections and changes to this application and attach them as an amendment to the policy at issue. Acceptance of any policy issued on this application will ratify and will be notice of any such change made. I understand and agree that: (1) I will notify the Company if any statement or answer given in this application changes prior to delivery and acceptance of the policy; and (2) Except as otherwise stated in any Conditional Receipt, no insurance will take effect unless the first full modal premium is paid and a policy is delivered and accepted while the health and insurability of any proposed insured continues, without material change, to be as represented in the application.

The Agent taking this application has no authority to make, change or discharge any contract hereby applied for. The Agent may not extend credit on behalf of the Company. No statement made to or information acquired by any representative of the Company shall bind the Company unless set out in writing in this application.

Any person who knowingly presents a false statement in an application for insurance may be guilty of criminal offense and subject to penalties under state law.

Benefit Distribution Option Rider Disclosure Statements:

- Under this rider, all or a portion of the policy's Death Benefit proceeds that become payable will be paid as a set of Benefit Payments to the Beneficiary. The Beneficiary of the policy will not be able to change the terms in which the Benefit Payments are paid out.
- A request to increase the Policy's base Face Amount in accordance with its provisions which has been underwritten and approved by us may also include a request to terminate the Benefit Distribution Option.
- In accordance with IRS rules and regulations, a portion of each Benefit Payment is reportable as interest income that may be taxable. We will annually report this interest income to the Beneficiary and the IRS as required.

The Underwriting Process and Consumer Rights

Thank you for your application. A primary goal of National Life Insurance Company and Life Insurance Company of the Southwest (the Company) is to provide insurance protection that best meets your needs and to service these needs through the years. To keep costs at a minimum, we evaluate every proposed insured to be sure that the premium rate for each person is in relation to each person's fair share of the cost.

This evaluation - the underwriting process - may consist of a physical examination, review of medical history and reports from physicians or medical facilities which you have visited for treatment or consultation. In addition, a routine investigative consumer report is sometimes obtained.

We also check the records of the MIB, Inc. ("MIB"). The MIB is a nonprofit membership organization of life insurance companies which operates an information exchange on behalf of its members. The basic purpose of this organization is the protection of policyholders of member companies. It is not a repository of medical records. The information in its files serves only as an indication that additional data may be needed to evaluate the risk. No member company can refuse coverage on the basis of this information, nor does the information reveal whether an application was approved, rated or declined.

This program helps to assure that the true cost of the insurance is shared proportionately. Consumer rights bearing on insurance cost, needs and service are just as important to us as they are to you.

Prenotification - Investigative Consumer Report

This is to inform you in compliance with Public Law 91-508, known as the Fair Credit Reporting Act, that as part of our processing procedure for your insurance application an investigative consumer report may be made. This means information is obtained through personal interviews with third parties such as family members, business associates, financial sources, friends, neighbors or others with whom you are acquainted. This report may include information as to your character, general reputation, personal characteristics and mode of living. You have the right to make a written request within a reasonable period of time for a complete and accurate disclosure of additional information concerning the nature and scope of the investigation.

Prenotification - Personal History Interview

To obtain the information described in Investigative Consumer Report Prenotification, the Company may telephone you directly for a Personal History Interview. An Administrative Office interviewer may phone you to review and clarify information you provided on your application and to ask additional questions which will aid in considering your application.

Whenever possible, calls will be made at your convenience and to the telephone number you have provided. A separate form contains the information we need to complete the call. If for any reason it is necessary to make a change, please let your Agent know promptly.

Prenotification - MIB, Inc. ("MIB")

Information regarding your insurability and/or any past or future claims will be treated as confidential. The Company or its reinsurers may, however, make a brief report to the MIB. If you apply to another MIB member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, the MIB, upon request, will supply such company with the information in its file.

Upon receipt of a request from you, the MIB will arrange disclosure of any information it may have in your file. Medical information can be released to you or to your attending physician. If you question the accuracy of information in the MIB's file, you may contact the MIB and seek a correction in accordance with the procedures set forth in the Federal Fair Credit Reporting Act. The address of the Bureau's information office is 50 Braintree Hill, Suite 400, Braintree, MA 02184-8734, telephone number: (866) 692-6901, website: www.mib.com.

The Company may also release information in its files to its reinsurers and to other life insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.

Leave with Applicant

6496(0412) National Life Group® is a trade name of National Life Insurance Company, Montpelier, VT, Life Insurance Company of the Southwest (LSW), Addison, TX and their affiliates. Each company of National Life Group is solely responsible for its own financial condition and contractual obligations. LSW is not an authorized insurer in New York and does not conduct insurance business in New York.

Cat. No. 42577

NOTICE AND CONSENT FOR TESTING WHICH MAY INCLUDE AIDS VIRUS (HIV) ANTIBODY/ANTIGEN TESTING

To determine your insurability, the Insurer named above (the Insurer) has requested that you provide a sample of your blood, oral fluid and/or urine for testing and analysis. All tests will be performed by a licensed laboratory.

Unless precluded by law, tests may be performed to determine the presence of antibodies or antigens to the Human Immunodeficiency Virus (HIV), also known as the AIDS virus. The HIV antibody test that we perform is actually a series of tests done by a medically accepted procedure. The HIV antigen test directly identifies AIDS viral particles. These tests are extremely reliable. Other tests which may be performed include determinations of blood cholesterol and related lipids (fats) and screening for liver or kidney disorders, diabetes, and immune disorders.

All test results will be treated confidentially. They will be reported by the laboratory to the Insurer. When necessary for business reasons in connection with insurance you have or have applied for with the Insurer, the Insurer may disclose test results to others such as its affiliates, reinsurers, employees, or contractors. If the Insurer is a member of the Medical Information Bureau (MIB, Inc.), and if the test results for HIV antibodies/antigens are other than normal, the Insurer will report to the MIB, Inc. a generic code which signifies only a non-specific test abnormality. If your HIV test is normal, no report will be made about it to the MIB, Inc. Other test results may be reported to the MIB, Inc. in a more specific manner. The organizations described in this paragraph may maintain the test results in a file or data bank. There will be no other disclosure of test results or even that the tests have been done except as may be required or permitted by law or as authorized by you.

If your HIV test results are normal, no routine notification will be sent to you. If the HIV test results are other than normal, the Insurer will contact you. The Insurer may also contact you if there are other abnormal test results which, in the Insurer's opinion, are significant. The Insurer may ask you for the name of a physician or other health care provider to whom you may authorize disclosure and with whom you may wish to discuss the results. You may designate below the physician or other person to whom positive or indeterminate test results will be reported:

Name: *(Print or Type)*

Christine Neal

Address: *(Street, City, State, Zip Code)*

12150 Annapolis Rd Ste 309

Bowie, MD

Positive HIV antibody/antigen test results do not mean that you have AIDS, but that you are at a significantly increased risk of developing AIDS or AIDS-related conditions. Federal authorities say that persons who are HIV antibody/antigen positive should be considered infected with the AIDS virus and capable of infecting others.

Positive HIV antibody or antigen test results or other significant test abnormalities will adversely affect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.

I have read and I understand this Notice of Consent For Testing Which May Include HIV Antibody/Antigen Testing. I voluntarily consent to the withdrawal of blood from me by needle, the collection of oral fluid and/or urine samples, the testing of the samples, and the disclosure of the test results as described above.

I understand that I have the right to request and receive a copy of this authorization. A photocopy of this form will be as valid as the original.

Proposed Insured's Name: *(Print or type)*

Monica McDonald

Date of Birth: *(mm/dd/yyyy)*

01/26/1966

State of Residence:

MD

Signature of Proposed Insured or Parent/Guardian:

e-Signed by Monica McDonald

Date: *(mm/dd/yyyy)*

09/14/2019 22:47:33 GMT

To determine your insurability, the Insurer named above (the Insurer) has requested that you provide a sample of your blood, oral fluid and/or urine for testing and analysis. All tests will be performed by a licensed laboratory.

Disclosure Statement for Accelerated Benefits

(Terminal Illness & Chronic Illness)

Accelerated Benefits are payments made to the Owner while the Insured is living in lieu of payment of all or a portion of the death benefit that would otherwise be paid at the Insured's death. The Owner must apply for the Accelerated Benefits and must show the required proof stated in the Accelerated Benefits Rider attached to the policy. The condition under which accelerated benefits may be elected varies by rider as described below. We will not accelerate benefits unless the qualifying Terminal Illness or Chronic Illness began while this rider was in effect.

Accelerated Benefits Rider for Terminal Illness

Benefits may be elected under this rider if the Insured is Terminally III. Terminally III means that the Insured has been certified by a Physician as having an illness or chronic condition which can reasonably be expected to result in death in 24 months or less from the date of the certification.

Accelerated Benefits Rider for Chronic Illness

Benefits may be elected under this rider if the Insured is Chronically III. Chronically III means that the Insured has been certified, within the last 12 months, by a Physician as:

1. being unable to perform without substantial assistance from another person at least two Activities of Daily Living for a period of at least 90 consecutive days; or
2. requiring substantial supervision for a period of at least 90 consecutive days by another person to protect oneself from threats to health and safety due to severe cognitive impairment.

The Activities of Daily Living are bathing, continence, dressing, eating, toileting, and transferring.

The Owner may elect to accelerate all or a portion of the Insured's death benefit in force on the election date. The Company reserves the right to set a maximum amount that we will pay under this and any other Accelerated Benefits Rider on the policy to which this rider is attached. This maximum limit will be no less than \$500,000. If the Insured becomes eligible for benefits under Accelerated Benefits Rider for Chronic Illness, the death benefit that may be accelerated in any year will also be subject to a maximum amount.

Accelerated Benefits are paid as a lump sum. The amount paid is calculated as the present value of the death benefit accelerated, less an adjustment for future premiums, and less an administrative fee. The benefit will first be used to pay a pro rata share of any outstanding debt to us. The benefit will never exceed the death benefit being accelerated. The Amount shall be at least equal to the acceleration percentage multiplied by the difference between the current policy Cash Value or Cash Surrender Value and any outstanding policy loans. The current policy Cash Value or Cash Surrender Value shall include any termination dividend payable on the surrender of the policy.

The Insured's death benefit in force will be reduced each time an Accelerated Benefit is paid. The reduction will equal the portion of the death benefit that is accelerated on the election date. The face amount, and any accumulated value, cash surrender value, and outstanding debt will also be reduced. Each of these will be reduced in the same proportion as the reduction in the death benefit. The premiums and charges for any remaining life coverage will be determined as if the policy had been originally issued at the reduced face amount.

Payment of Accelerated Benefits will reduce the death benefit otherwise payable under the policy. Receipt of Accelerated Benefits may be a taxable event. Please consult your personal tax advisor to determine the tax status of any benefits paid under this rider.

**Disclosure Statement for Accelerated Benefits
(Critical Illness/Critical Injury)**

Accelerated Benefits are payments made to the Owner while the Insured is living in lieu of payment of all or a portion of the death benefit that would otherwise be paid at the Insured's death. The Owner must apply for the Accelerated Benefits and must show the required proof stated in the Accelerated Benefits Rider attached to the policy. The condition under which accelerated benefits may be elected varies by rider as described below.

Accelerated Benefits Rider for Critical Illness

Benefits may be elected under this rider if the Insured has experienced a covered Critical Illness Qualifying Event. The Critical Illness Qualifying Events covered under this rider are:

1. **Aorta Graft Surgery:** A definite diagnosis by a Specialist that surgery is medically necessary for disease or trauma to the aorta requiring excision and surgical replacement of the diseased or traumatized aorta with a graft. Aorta refers to the thoracic and abdominal aorta but not its branches. The Insured must survive for 30 days following the Date of Diagnosis.
2. **Aplastic Anemia:** A definite diagnosis of a chronic persistent bone marrow failure, confirmed by biopsy, which results in anemia, neutropenia and thrombocytopenia requiring blood product transfusion, and treatment with at least one of the following: a) Marrow stimulating agents; b) Immunosuppressive agents; c) Bone marrow transplantation. The diagnosis of Aplastic Anemia must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.
3. **Cancer:** A definite diagnosis of a disease manifested by the presence of one or more malignant tumors and characterized by the uncontrolled growth and spread of malignant cells and the invasion of normal tissue.

Diagnosis of Cancer must be established according to the criteria of malignancy established by The American Board of Pathology after a study of the histocytologic architecture or pattern of the suspect tumor, tissue, or specimen. The Insured must survive for 90 days following the Date of Diagnosis.

Exclusion: No benefit will be payable under this condition for: a) Any non-melanoma skin cancer, except those with distant lymph node metastasis; or b) Pre-malignant lesions, benign tumors, or dysplasias; or c) Carcinoma in-situ; or d) Localized non-invasive cancers such as, but not limited to: i. Thyroid cancers less than Stage 4; or ii. Early prostate cancer diagnosed as T1N0M0 or equivalent staging including T2a unless the Gleason score is higher than 6; or iii. Chronic lymphocytic leukemia classified as Rai Stage 0; or iv. Noninvasive papillary cancer of the bladder AJCC TaN0M0.

4. **Cystic Fibrosis:** A definitive diagnosis of Cystic Fibrosis with evidence of chronic lung disease and pancreatic insufficiency. The diagnosis must be made by a Specialist and must be made before the Insured's 20th birthday. The Insured must survive 30 days following the Date of Diagnosis.
5. **Diagnosis of ALS (Amyotrophic Lateral Sclerosis):** A definite diagnosis of ALS made by a Specialist. There must be permanent clinical impairment. Permanent clinical impairment is the situation in which the clinical specialist notes that the impairment caused by the condition is not reversible and hence permanent. The Insured must survive for 30 days following the Date of Diagnosis.
6. **End Stage Renal Failure:** A definite diagnosis of chronic irreversible failure of both kidneys to function, which necessitates regular haemodialysis or peritoneal dialysis continuously for a period of at least 6 months or result in renal transplantation. The diagnosis of Kidney Failure must be made by a Specialist. The Insured must survive 30 days following the Date of Diagnosis.
7. **Heart Attack:** A definite diagnosis of the death of a portion of the heart muscle resulting from inadequate blood supply to the relevant area. The diagnosis of Heart Attack must be made by a Specialist, supported by symptoms clinically accepted as consistent with the diagnosis of an acute myocardial infarction and at least one of the following conditions: a) New characteristic electrocardiographic changes; or b) The characteristic rise above laboratory accepted normal values of biochemical cardiac specific markers such as CK-MB or cardiac troponins; or c) An abnormal myocardial perfusion or other scan showing characteristic findings of new heart muscle death; or d) An echocardiogram with new wall abnormalities indicating new heart muscle death. The Insured must survive for 30 days following the Date of Diagnosis.
Exclusion: No benefit will be payable under this condition for other acute coronary syndromes including but not limited to angina.
8. **Heart Valve Replacement:** A definite diagnosis determined by a Specialist that surgery is medically necessary to replace any heart valve with either a natural or mechanical valve. The Insured must survive 30 days following the Date of Diagnosis.
9. **Major Organ Transplant:** A definite diagnosis of the irreversible failure of any of the following organs or tissues: heart, both lungs, liver, both kidneys, pancreas, or bone marrow, and transplantation must be medically necessary. To qualify under Major Organ Transplant, a Transplant specialist must document that transplantation is necessary and the Insured must be placed on a transplant list as the recipient of a heart, lung, liver, kidney, pancreas or bone marrow, and limited to these entities. The Insured must survive 30 days following the Date of Diagnosis.

Copies to the Company, the Customer, and the Agent

10. **Motor Neuron Disease:** A definite diagnosis of one of the following conditions and is limited to these conditions: a) Primary lateral sclerosis; or b) Progressive spinal muscular atrophy; or c) Progressive bulbar palsy; or d) Pseudo bulbar palsy. There must be permanent clinical impairment. Permanent clinical impairment is the situation in which the clinical specialist notes that the impairment caused by the condition is not reversible and hence permanent. The diagnosis of Motor Neuron Disease must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.

11. **Stroke:** A definite diagnosis of an acute cerebrovascular accident or infarction (death) of brain tissue caused by hemorrhage, embolism, or thrombosis resulting in neurological deficit with persistent clinical symptoms for at least 30 consecutive days following the occurrence of the Stroke, and also resulting in either: a) Permanent Neurological Deficit with Persisting Clinical Symptoms that are expected to last throughout the Insured's life; or b) Definite evidence of death of brain tissue or hemorrhage on a brain scan. The diagnosis of Stroke must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.

Exclusion: No benefit will be payable under this condition for: a) Transient ischemic attacks; or b) Intracerebral vascular events due to trauma; or c) Lacunar infarcts which do not meet the definition of Stroke as described above; or d) Asymptomatic silent stroke found on imaging.

12. **Sudden Cardiac Arrest:** Defined as the sudden loss of heart function with interruption of blood circulation around the body resulting in unconsciousness and requiring resuscitation. After resuscitation, treatment may include: a) Surgical implantation of an Implantable Cardioverter-Defibrillator (ICD); or b) Surgical implantation of a Cardiac Resynchronization Therapy with Defibrillator (CRT-D); or c) Electrophysiological mapping with radio frequency ablation; or d) Cardiac surgery; or e) Long-term medication therapy.

Exclusion: No benefit will be payable under this condition for: a) Insertion of a pacemaker; or b) Insertion of a defibrillator without cardiac arrest; or c) Cardiac arrest resulting directly from alcohol or drug abuse. The Insured must survive for 30 days following the date of Sudden Cardiac Arrest.

Accelerated Death Benefits Rider for Critical Injury

Benefits may be elected under this rider if the Insured has experienced a Critical Injury Qualifying Event. The Critical Injury Qualifying Events covered under this rider are:

1. **Coma:** A definite diagnosis of a state of unconsciousness with no reaction to external stimuli or response to internal needs for a continuous period of at least 96 hours, which: a) Has a Glasgow Coma score of 4 or less; and b) Requires the use of life support systems; and c) Results in Permanent Neurological Deficit with Persisting Clinical Symptoms that are expected to last throughout the Insured's life. The diagnosis of Coma must be made by a Specialist.

Exclusion: No benefit will be payable under this condition for: a) A medically induced Coma; or b) A Coma which results directly from alcohol or drug abuse.

2. **Paralysis:** Defined as Quadriplegia, Paraplegia or Hemiplegia that has been present for 90 days from the Date of Diagnosis confirmed by a Specialist and which is expected to be permanent without expectation of recovery. a) Quadriplegia means the complete and irreversible Paralysis of both upper and lower Limbs. b) Paraplegia means the complete and irreversible Paralysis of both lower Limbs. c) Hemiplegia means the complete and irreversible Paralysis of the upper and lower Limbs of the same side of the body. d) Limb means entire arm or entire leg.

3. **Severe Burns:** A definite diagnosis of third degree burns covering at least 30% of the body's surface area or 30% of the area of the face or head. The diagnosis of Severe Burns must be made by a Specialist. The Insured must survive for 30 days following the Date of Diagnosis.

4. **Traumatic Brain Injury:** A definite diagnosis of damage to brain tissue due to Traumatic Brain Injury, which: a) Has a Glasgow Coma score of 12 or less in the first 48 hours after injury; and b) Has skull fracture, brain contusion or hemorrhage on CT scan of head; and c) Results in a Permanent Neurological Deficit with Persisting Clinical Symptoms that are expected to last throughout the Insured's life.

The diagnosis of Traumatic Brain Injury must be made by a Specialist. The Insured must survive for 60 days following the Date of Diagnosis.

Exclusion: No benefit will be payable under this condition for: a) Mild Traumatic Brain Injury; or b) Traumatic Brain Injury due to repetitive head trauma; or c) Traumatic Brain Injury which results directly from intentional self-inflicted injury.

No Accelerated Benefit will be paid under the Critical Illness Rider or the Critical Injury Rider for any Qualifying Event that occurs on or before the 30th day following its effective date of the rider unless such Qualifying Event directly results from accidental injury. No Accelerated Benefit will be paid under either rider for any Qualifying Event that directly results from self-inflicted injury or attempted suicide. This benefit is underwritten and may not be available on your policy.

The Owner may elect to accelerate all or a portion of the Insured's death benefit in force on the election date. **The Company reserves the right to set a maximum death benefit that may be accelerated under this and any other Accelerated Benefits Rider on the life of any insured person. This maximum limit will be no less than \$500,000.**

Disclosure Statement for Accelerated Benefits (Critical Illness/Critical Injury) - Continued

Accelerated Benefits will be paid as a lump sum. The amount paid is calculated as the present value of the death benefit accelerated, less an adjustment for future premiums, and less an administrative fee. Any administrative fee assessed will not exceed a maximum charge of \$250. The benefit will first be used to pay a pro rata share of any outstanding debt to us. The benefit will never exceed the death benefit being accelerated. It will never be less than the cash surrender value, if any, that corresponds to the death benefit accelerated.

The Insured's death benefit in force will be reduced each time an Accelerated Benefit is paid. The reduction will equal the portion of the death benefit that is accelerated on the election date. The face amount, and any accumulated value, cash surrender value, and outstanding debt will also be reduced. Each of these will be reduced in the same proportion as the reduction in the death benefit. The premiums and charges for any remaining life coverage will be determined as if the policy had been originally issued at the reduced face amount.

As an example of the impact that election of Accelerated Benefits has on policy values, consider the following situation:

Prior to Election:		Upon Partial Election of 50% of Death Benefit:		Upon Full Election:	
Death Benefit	= \$100,000	Death Benefit	= \$50,000	Death Benefit	= \$0
Cash Surrender Value	= 50,000	Cash Surrender Value	= 25,000	Cash Surrender Value	= 0
Outstanding Debt	= 30,000	Outstanding Debt	= 15,000	Outstanding Debt	= 0
Annual Premium	= 2,000	Annual Premium	= 1,000	Annual Premium	= 0

Dollar values showing the specific impact that acceleration will have on your policy values will be provided when you apply for Accelerated Benefits.

Payment of Accelerated Benefits will reduce the death benefit otherwise payable under the policy. Receipt of Accelerated Benefits may be a taxable event. Please consult your personal tax advisor to determine the tax status of any benefits paid under this rider.

Important Notice
Replacement of Life Insurance or Annuities

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on page 2.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? Yes No
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? Yes No

If you answered 'Yes' to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured, and the contract number if available) and whether each policy will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY NO.	INSURED	REPLACED (R) OR FINANCING (F)
--------------	------------------------	---------	-------------------------------

The existing policy or contract is being replaced because: _____

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

I do not want this notice read aloud to me. MM
(Applicants must initial only if they do not want the notice read aloud.)

I certify that the responses herein are, to the best of my knowledge, accurate:

Important Notice: Replacement of Life Insurance or Annuities

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older--are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements. Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor).
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

I authorize any health plan, physician, health care professional, hospital, clinic, laboratory, pharmacy, medical facility, prescription benefit manager, or other health care provider that has provided payment, treatment or services to me or on my behalf within the past 10 years (collectively, "My Providers") to disclose my entire medical record, prescription drug information, and any other protected health information concerning me to National Life Insurance Company and Life Insurance Company of the Southwest (collectively, "The Company") and The Company's agents, employees, reinsurers, and representatives. I further authorize MIB, Inc. to disclose to The Company, or its reinsurers, any knowledge of me or my health, and any other protected health information concerning me. This includes information on the diagnosis or treatment of Human Immunodeficiency Virus (HIV) infection and sexually transmitted diseases. This also includes information on the diagnosis and treatment of mental illness and the use of alcohol, drugs and tobacco, but excludes psychotherapy notes. I further authorize The Company to re-disclose any protected health information or other knowledge or records concerning me to The Company's reinsurers and to MIB, Inc., which operates an information exchange on behalf of life and health insurance companies. I further authorize the Company to request a copy of my driving record(s) from the state motor vehicle department (collectively, "DMVs").

By my signature below, I acknowledge that any agreements I have made to restrict my protected health information do not apply to this Authorization and I instruct My Providers to release and disclose my entire medical record without restriction. I also acknowledge that I have read the PRENOTIFICATIONS, including the notices required by the Fair Credit Reporting Act and MIB, Inc. ("MIB").

The protected health information and driving records are to be disclosed under this Authorization so that The Company may: (1) underwrite my application for coverage, make eligibility, risk rating, policy issuance and enrollment determinations; (2) obtain reinsurance; (3) administer claims and determine or fulfill responsibility for coverage and provision of benefits; (4) administer coverage; and (5) conduct other legally permissible activities that relate to any coverage I have or have applied for with The Company.

This Authorization shall remain in force for 30 months following the date of my signature below, and a copy of this Authorization is as valid as the original. I understand that I have the right to revoke this Authorization in writing, at any time, by sending a written request for revocation to National Life Insurance Company or Life Insurance Company of the Southwest, Centralized Mailing Address, One National Life Drive, Montpelier, VT 05604, Attention: Privacy Officer. I understand that a revocation is not effective to the extent that any of My Providers or DMVs has relied on this Authorization or to the extent that The Company has a legal right to contest a claim under an insurance policy or to contest the policy itself. I understand that any information that is disclosed pursuant to this Authorization may be re-disclosed and no longer covered by federal rules governing privacy and confidentiality of health information or driving records.

HIPAA Compliant Authorization - for Release of Health-Related and Other Information

I understand that My Providers may not refuse to provide treatment or payment for health care services if I refuse to sign this Authorization. I further understand that if I refuse to sign this Authorization to release my complete medical record and driving records, The Company may not be able to process my application, or if coverage has been issued, may not be able to make any benefit payments. I acknowledge that I have received a copy of this Authorization.

Description of Personal Representative's Authority or Relationship to Patient:

Questions & Answers about Release of Protected Health Information to a Life or Disability Income Insurer.

1. May I release complete personal medical information to a life or disability income insurance company?

Yes. As you did before the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule became effective, a medical care provider may disclose complete Protected Health Information (PHI) to organizations not subject to the Privacy Rule as long as the applicant has signed a HIPAA compliant authorization.

2. Does the "minimum amount necessary" rule apply to this release to a life or disability income insurer?

No. The "minimum amount necessary" rule does not apply as long as a HIPAA compliant authorization is signed. This question was specifically addressed by Health and Human Services (HHS) in a Q and A published December 4, 2002: "Uses and disclosures that are authorized by the individual are exempt from the minimum necessary requirements. For example, if a covered health care provider receives an individual's authorization to disclose medical information to a life insurer for underwriting purposes, the provider is permitted to disclose the information requested on the authorization without making any minimum necessary determination. The authorization must meet the requirements of 45 CFR 164.508."

3. Can an insurer request disclosure of a person's "entire" medical record or does it have to refer to specific items in a medical file only?

Yes. HIPAA allows insurers to seek and providers to disclose a person's entire medical record, if the authorization used clearly states that the entire medical record is to be disclosed (e.g., "I authorize you to disclose my entire medical record.")

4. Does HIPAA mandate the use of one specified form of authorization by everyone?

No. HIPAA requires that certain specified "elements" be included in a valid authorization to disclose protected health information. HIPAA does not mandate that a specific form be used. Both covered and non-covered entities are free to use any format they wish so long as it is compliant with HIPAA's requirements. The signed authorization contains all of the elements required by HIPAA.

5. What should I do if I had previously agreed to a restriction and now receive an authorization to release the "entire medical record?" Does the authorization cover PHI that was restricted?

You may release all medical records, restricted and otherwise if a patient has previously requested a restriction and later signs an authorization which removes the restriction. The wording of this authorization specifically releases any restricted information.

This HIPAA compliant authorization and Questions and Answers were created by the American Council of Life Insurers.

Death Benefit Protection Later... Lifetime Benefits¹ Now

Life insurance is a financial tool that creates income tax-free² funds that are immediately available at an insured's death. The insurance proceeds can be used to pay off debt, replace lost income, and allow those who depend on you to maintain their lifestyle.

For clients looking for death benefit protection with the accumulation potential of an indexed product, Life Scope offers multiple index strategies, flexibility in payment options, income options, and living benefits.

From death benefit protection to premium flexibility to living benefits Life Scope offers innovative features.

Financial Protection

Life Scope is designed for clients who appreciate the financial protection life insurance can offer through both death benefit and accumulation potential. It has the upside potential - through different index strategies - that you'd expect from an indexed product, but it also has downside protection with a 0% floor.

Life Scope provides for tax-deferred build up of policy cash value. Values that you can borrow or withdraw⁵ – income-tax free – to achieve your unique and personal objectives, including:

- Meeting unexpected emergencies
- Helping pay for higher education costs
- Supplementing your retirement income

And if you're looking for extra protection, the no-cost Death Benefit Protection Rider offers a no-lapse guarantee period**.

Flexibility

Not only do you have flexibility in premium payments with Life Scope allowing you to increase or decrease*** premiums, you also have the option of electing the Systematic Allocation Rider. This rider allows you to take annual and lump sum premiums and automatically allocate them to index strategies over the course of the year. Since index strategy returns are tied to specific periods of time, the Systematic Allocation Rider provides a way to spread your premium payments out over multiple strategies and payment periods.

Living Benefits

Accelerated Benefit Riders (ABR)³

In addition to survivor protection and accumulation potential, Life Scope also provides optional Accelerated Benefit Riders, helping to protect your family from the potential financial risk of a terminal, chronic, critical illness or critical injury.

Experience Life[®]

The use of one benefit may reduce or eliminate other policy and rider benefits.

**Guaranteed no-lapse period varies with age.

***It is possible that coverage will terminate when either no premiums are paid following the initial premium, or subsequent premiums are insufficient to continue coverage.

- 1 Refers to the benefits that a policyholder may be entitled to while living such as cash value accumulation or certain riders. Riders are supplemental benefits that can be added to a life insurance policy and are not suitable unless you also have a need for life insurance. Riders are optional, and may require additional premium.
- 2 IRC §101(a)(1). There are some exceptions to this rule. Please consult a qualified tax professional for advice concerning your individual situation.
- 3 Use of Accelerated Benefit Riders reduces the Cash Value and Death Benefit otherwise payable under the policy. Receipt of Accelerated Benefits may be a taxable event and may affect your eligibility for public assistance programs. These riders are optional, may be subject to underwriting, exclusions and/or limitations and may not be available in all states.
- 5 Policy loans and withdrawals reduce the policy's cash value and death benefit and may result in a taxable event. Withdrawals up to basis paid into the contract and loans thereafter will not create an immediate taxable event, but substantial tax ramifications could result upon contract lapse or surrender. Surrender charges will reduce the policy's cash values in early years.

Summary of Coverages

Monica McDonald

Female 54 Verified Standard Non-Tobacco

Riders: ABR, CCAD, DBPR, ICSR, LIBR, OPR, OTDB, SAR

Face Amount: \$65,000

Death Benefit Option: A (Level)

Initial Premium: \$110.00 Monthly

State: Maryland

The optional Accelerated Benefit Riders (ABR) offer you flexibility to access your death benefit if you have a qualifying Terminal, Chronic, Critical Illness or Critical Injury¹

Terminal Illness

As an example, if the full, available death benefit is accelerated, the discounted benefit for Monica McDonald (Base) would be about **\$53,372** at age **65**.

Chronic Illness

As an example, if the full, available death benefit is accelerated each month, the monthly discounted benefits for Monica McDonald (Base) are projected to be:

Age 56: \$588

Age 60: \$716

Age 65: \$873

Age 70: \$945

Critical Illness OR Critical Injury

As an example, if the full, available death benefit is accelerated, the discounted benefits for Monica McDonald (Base) are projected to be:

Age	Category 1 Minor	Category 2 Moderate	Category 3 Severe	Category 4 Life Threatening
56	\$2,086	\$13,379	\$28,509	\$49,232
60	\$7,358	\$18,728	\$32,083	\$49,426
65	\$15,073	\$26,295	\$37,312	\$49,825
70	\$24,225	\$34,948	\$43,625	\$50,596

You can accelerate up to 100% of the death benefit, subject to an ABR Benefit limit of \$1,500,000 on the total death benefit accelerated under this policy for terminal and chronic illness and an ABR Benefit limit of \$1,000,000 on the total death benefit accelerated under this policy for critical illness and critical injury. For chronic illness, the death benefit you can accelerate is subject to a monthly limit to the lesser of 2% of the discounted death benefit or \$30,000. The death benefit will be reduced by the amount of the death benefit you decide to accelerate. A discount factor will be applied to the death benefit accelerated because it is being paid prior to the actual death benefit. As a result, the actual benefit paid will be less than the amount of death benefit accelerated. Please refer to the Narrative Summary for further information about these riders.

The use of one benefit may reduce or eliminate other policy and rider benefits.

The sample benefits shown assume current accelerated benefits mortality tables and interest at 6.5%. The benefits and values shown above are not guaranteed. The assumptions on which they are based are subject to change by the insurer. Actual results may be more or less favorable. This presentation is not valid unless accompanied by a complete insurance company illustration.

¹ Accelerated Benefit Riders are optional, available with no additional premium, and may not be available in all states. Please refer to the Narrative Summary for details regarding the Accelerated Benefit Riders available in the state selected for this presentation.

State: Maryland

Plan Description

The illustrated values that make up this ledger proposal should not be regarded as an offer nor as a contract to insure. If the presentation, of which this ledger is a part results in a policy being issued with different illustrated values than those in the ledger, the actual values illustrated with the policy shall control.

Life Scope [Form Series ICC14-20182], is a flexible premium, adjustable death benefit individual life insurance policy, commonly referred to as Universal Life. It features indexed crediting options.

This illustration assumes that the currently illustrated non-guaranteed elements will continue unchanged for all years shown. This is not likely to occur and actual results may be more or less favorable than those shown.

Monthly Planned Payments have been assumed to be received at the beginning of each billing period.

A surrender charge is assessed on full surrender of a policy in the first ten policy years from the date of issue or the date of an increase in face amount. The cash surrender values in this proposal reflect applicable surrender charges. Partial withdrawals are available if the policy has positive cash surrender value. The accumulated value of the policy will be reduced by the sum of the partial withdrawal and the withdrawal fee of \$25.

The policy as shown using the Current Illustrated Rate will provide coverage for the lifetime of the insured based on the current interest rates and the current charges by the Company.

The policy as shown using the Alternative Current Illustrated Rate will lapse in policy year 39 unless a higher premium is paid. This is based on the alternative current interest rates credited and the current charges by the Company.

The policy as shown using the Guaranteed Illustrated Rate will lapse in policy year 21 unless a higher premium is paid. This is based on the guaranteed interest rate credited and the guaranteed charges by the Company.

The Guaranteed Illustrated Rate uses an interest rate and maximum monthly deductions guaranteed by the Company. It is the most conservative basis used for the calculation of illustrated values.

Guarantees are dependent upon the claims-paying ability of the issuing company.

The policy as illustrated on an Average Interest Rate basis will lapse in policy year 27 unless a higher premium is paid. This is based on the average interest rates credited and the average charges by the Company. The average interest rates are the average of the guaranteed interest rate and the current illustrated interest rates. The average charges are the average of guaranteed charges and current charges.

This illustration reflects an annual 0.35% Accumulated Value Enhancement starting in policy year 11. The Accumulated Value Enhancement is not guaranteed.

Benefits and values are not guaranteed. The assumptions on which they are based are subject to change by the insurer. The rates for the Accumulated Value Enhancement, Percent of Premium Expense Charge, Monthly Cost of Insurance, Monthly Expense Charge per Thousand, Monthly Policy Fee, Monthly Percent of Accumulated Value Charge and Rider Charge, if any, will be determined by the Company and may change from time to time based on expectations of future anticipated experience. Future anticipated experience can include, but is not limited to, investment earnings, mortality, persistency, taxes and expenses which may affect these assumptions. Actual results may be more or less favorable. See Ledger of Guaranteed Illustrated Rate for guaranteed values.

Policy loans and withdrawals reduce the policy's cash value and death benefit and may result in a taxable event. Withdrawals up to basis paid into the contract and loans thereafter will not create an immediate taxable event, but

Rider Description

The following riders are available at no additional premium:

Accelerated Benefits Rider for Terminal Illness (ABR) [Form Series ICC10-8844], allows for the payment of a portion of an insured's death benefit if the insured is terminally ill. Terminally ill means that the insured has been certified by a physician as having an illness or chronic condition which can reasonably be expected to result in death in 24 months or less. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Accelerated Benefits Rider for Chronic Illness (ABR) [Form Series ICC10-8844], allows for the payment of a portion of an insured's death benefit if the insured is chronically ill. Chronically ill means that the insured has been certified by a licensed health care practitioner as being unable to perform 2 out of 6 activities of daily living or is cognitively impaired. The activities of daily living are bathing, continence, dressing, eating, toileting, and transferring. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Accelerated Benefits Rider for Critical Illness (ABR) [Form Series 20287MD], allows for the payment of a portion of the insured's death benefit if the insured experiences a qualifying event covered under the rider. Subject to state approval, the qualifying events may include: aorta graft surgery, aplastic anemia, cancer, cystic fibrosis, diagnosis of ALS (Amyotrophic Lateral Sclerosis), end stage renal failure, heart attack, heart valve replacement, major organ transplant, motor neuron disease, stroke and sudden cardiac arrest. Please see the rider for a complete list of the qualifying events covered. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Accelerated Benefits Rider for Critical Injury (ABR) [Form Series 20288MD], allows for the payment of a portion of the insured's death benefit if the insured experiences a qualifying event covered under the rider. Subject to state approval, the qualifying events may include: coma, paralysis, severe burns and traumatic brain injury. Please see the rider for a complete list of the qualifying events covered. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Important Information Regarding Optional Accelerated Benefit Riders

Death Benefits, cash values and loan values (for policies with such values) will be reduced if an Accelerated Benefit is paid. The Accelerated Benefits offered under this rider are intended to qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration-of-life-insurance benefits qualify for favorable tax treatment, the benefit will be excludable from your income and not subject to federal taxation. Tax laws relating to acceleration-of-life-insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration-of-life-insurance benefits excludable from income under federal law.

Receipt of acceleration-of-life-insurance benefits may affect your, your spouse's or your family's eligibility for public assistance programs, such as medical assistance (Medicaid), Aid to Families with Dependent Children, and Supplemental Security Income (SSI). You are advised to consult with a qualified tax advisor and with social services agencies concerning how receipt of such payment will affect you, your spouse's and your family's eligibility for public assistance. Riders are optional and may not be available in all states.

We currently limit the amount of benefits that may be paid under this policy for terminal and chronic illness at \$1,500,000 and we currently limit the amount of benefits that may be paid under this policy for critical illness and critical injury at \$1,000,000. We reserve the right to change these limits in the future, however the limit will never be less than \$500,000.

This illustration is valid for 30 days.

Version 19.3.5 A

Narrative Summary

Monica McDonald

Female 54 Verified Standard Non-Tobacco

Riders: ABR, CCAD, DBPR, ICSR, LIBR, OPR, OTDB, SAR

Face Amount: \$65,000

Death Benefit Option: A (Level)

Initial Premium: \$110.00 Monthly

State: Maryland

Rider Description (continued)

The maximum death benefit that may be accelerated under chronic illness in any year is the lesser of 24% of the death benefit in effect on the initial election date or \$360,000. These limits vary by state. Once ABR has been added to your policy, please refer to your ABR policy form for specific information.

Common Carrier Accidental Death Benefit (CCAD) [Form Series ICC14-20184], provides an additional death benefit if the insured's death results from an accidental injury while traveling as a fare-paying passenger on public transportation.

- **Benefit Amount:** \$50,000
- **Coverage to Age:** 65

Death Benefit Protection Rider (DBPR) [Form Series ICC14-20223], provides that the policy will not lapse in the first 20 policy years even if the net cash surrender value is less than or equal to zero provided that premiums paid reduced by withdrawals, both accumulated with interest, less the policy loan balance, equals or exceeds the accumulation with interest of the Monthly Guarantee Premiums.

For the initial benefit amount of \$65,000, The Monthly Guarantee Premium is \$75.84. The Monthly Guarantee Premium may change if the policyholder exercises certain rights in the contract. The interest rate at which premiums, withdrawals and Monthly Guarantee Premiums are accumulated is equal to an effective annual rate of 5.00%. Please consult the rider form for more details.

Interest Crediting Strategies Rider (ICSR) [Form Series ICC14-20207, ICC14-20258, and ICC14-20277], provides Life Scope with a Fixed-Term Strategy and Multiple Indexed Strategies.

Lifetime Income Benefit Rider (LIBR) [Form Series 20266MD]. The Lifetime Income Benefit Rider provides a benefit for the life of the insured in exchange for a charge from the accumulated value and provided that certain conditions are met. Conditions include but are not limited to the following: the insured must be at least age 60 but no greater than age 85; and the policy must have been in force for at least 10 years or at least 10 years have passed since the last face amount increase, whichever is later; and any outstanding policy loans must be repaid in full. The benefit payments are first deducted from the accumulated value through policy loans until a minimum threshold is met. Once the minimum threshold is met, the following events occur: the amount of each subsequent benefit payment will be credited into the policy as a bonus to the basic strategy; the benefit payments will continue to be funded as Fixed Net Cost Loans for the life of the insured; a one time charge will be deducted from the cash surrender value; and all other monthly deductions will be terminated. Because the benefit payments are funded as Fixed Net Cost Loans, they will not be taxable if the policy is not a Modified Endowment contract. All benefit payments will be taxable on Modified Endowment contracts. Policy owners should consult with their tax advisors to better understand the tax implications. Please consult the rider form for more details.

Overloan Protection Rider (OPR) [Form Series 8315], when exercised under certain conditions, will prevent the policy from lapsing due to the outstanding policy loan exceeding the Accumulated Value less the Surrender Charge. Limitations apply to exercising the Overloan Protection Rider, which include that the policy be in force at least 15 years and the insured having attained the age of 75. Exercising the rider results in a paid-up policy. There is no premium for this rider, however, there is a fee when the rider is exercised.

Overseas Transportation Death Benefit (OTDB) [Form Series 20185MD], provides an additional death benefit if the insured's death occurs on foreign soil and the bodily remains are transported back to the US.

- **Benefit Amount:** \$2,000

Systematic Allocation Rider (SAR) [Form Series ICC14-20272], allows Net Premiums in excess of the Basic Strategy Minimum Value and meeting a minimum threshold to be transferred to a systematic allocation account that automatically transfers each month one twelfth of this amount to new Indexed Segments.

Narrative Summary

Monica McDonald

Female 54 Verified Standard Non-Tobacco

Riders: ABR, CCAD, DBPR, ICSR, LIBR, OPR, OTDB, SAR

Face Amount: \$65,000

Death Benefit Option: A (Level)

Initial Premium: \$110.00 Monthly

State: Maryland

Definition of Key Terms and Column Headings

Accumulated Value - The policy cash value at the end of the policy year, after deductions for any applicable policy charges and withdrawals.

Age - The insured's age as of nearest birthday.

Annual Cash Flow - A summary of the annual (cost) of the policy and the annual amount of proceeds received from the policy before income taxes are included.

Averaged Cash Surrender Value - The policy cash value at the end of the year after deductions for any applicable policy charges, surrender charges, withdrawals, outstanding policy loans and loan interest. Values in this column are based on the assumption credited interest rate and other charges are an average of current and guaranteed rates. This is the amount payable in the event of full surrender of the policy.

Averaged Death Benefit - The total policy death benefit at the end of the year after deductions for any outstanding policy loans and loan interest. Values in this column are based on the assumption credited interest rate and other charges are an average of current and guaranteed rates.

Cash Surrender Value - The policy cash value at the end of the policy year, after deductions for any applicable policy charges, surrender charges, withdrawals, outstanding policy loans and loan interest. This is the amount payable in the event of full surrender of the policy.

Death Benefit Option - Either Option A (Level) or Option B (Increasing) is available. The policy's death benefit option can be changed once each policy year after the first policy year.

- Option A (Level) is equal to the Face amount.

- Option B (Increasing) is equal to the Face Amount plus the Accumulated Value.

Face Amount - The amount used to determine the death benefit.

Guideline Level Premium - The sum of the guideline level premiums calculated for the current policy year and each prior year. It is a level premium calculated at issue based on policy guarantees and an interest rate not less than 4% as specified in IRC section 7702.

Guideline Single Premium - The sum of the guideline single premium calculated for the current policy year and each prior year. It is calculated at issue based on policy guarantees and an interest rate not less than 6% as specified in IRC section 7702.

Lapse - Termination of the policy due to insufficient premiums.

MEC Premium (7 Pay) - The MEC total 7 pay premium for any policy year is the sum of the annual payments calculated under IRC Section 7702A (the seven pay premium) for this and all prior policy years that determine whether or not the contract is a modified endowment contract (MEC). Upon the first occurrence of a number in the MEC total premium column exceeding the number for the same policy year in this column, the policy will become a MEC. Distributions other than death proceeds from a MEC, including policy loans and partial surrenders of funds will be treated as taxable gain received first and recovery of premium second. In addition to regular income tax, a 10% federal tax penalty is applicable to any taxable distribution from the MEC before the insured reaches age 59 ½. This includes policy terminations.

Net Death Benefit - The policy death benefit at the end of the policy year, after deductions for any withdrawals, outstanding policy loans and loan interest.

Definition of Key Terms and Column Headings (continued)

Planned Annualized Premium - The annualized premium that is required under the illustrated policy.

Policy Year - The number of years for which information is being illustrated.

Rate Class - The rate class used in this illustration is Verified Standard Non-Tobacco. The actual rate class will be determined when the application is underwritten and may vary from this illustration. If so, a revised illustration will be delivered with the policy.

Weighted Average Interest Rate - The weighted average interest rate is used to compute illustrated values. This rate varies by policy year, and is based upon several assumptions including: the amount of money required in the Basic Strategy; the allocation between the other strategies; and the premium planned for the full year. Values are based on a simplifying assumption that interest is credited daily. Please refer to the Indexed Strategies Disclosure and your policy for information on how interest credits are calculated on this product.

Tax Treatment: The Company will report any eligible distributions, under any accelerated benefits rider, subject to existing IRS guidance and facts at the time of distribution. However, proper tax treatment for any accelerated benefits you receive under this insurance contract depends on a number of factors. These factors include, among others, the provisions of the law, the terms of the contract, and your personal situation at the time payments are made. These factors may permit some or all of the payments to be excluded from income or may require some or all the payments to be included in income for tax purposes. You should consult with your own tax advisor in deciding how to report the payments.

Definition of Key Terms and Column Headings (continued)

The following is a statement of costs and benefits for the Life Scope policy illustrated on the following pages. The Net Payment Index shows your average annual outlay per \$1000 of Death Benefit. The Surrender Cost Index is the average annual amount of each planned premium that is not returned if the policy is surrendered for its cash value at the end of the year cited.

	Interest Adjusted Cost Indexes at 5%	
Current Illustrated Rate	<u>Year 10</u>	<u>Year 20</u>
Net Payment	\$20.31	\$20.31
Surrender Cost	\$12.94	\$10.06
Guaranteed Illustrated Rate	<u>Year 10</u>	<u>Year 20</u>
Net Payment	\$20.31	\$20.31
Surrender Cost	\$17.66	\$20.31

An explanation of the intended use of the above cost indexes is provided in the Life Insurance Buyer's Guide.

Please Note: Illustrated values are net of charges. If you would like to get details of the dollar amount of each charge, please ask your agent.

Indexed Strategies Disclosure

This product is a life insurance product and does not represent an investment in the stock market.

This product features a fixed crediting strategy and two indexed crediting strategies. The following is a summary of the characteristics of the indexed crediting strategies that are available in this policy. Please refer to the policy for complete details. In the event of any conflict, the policy language will control.

This policy features two distinct indexed crediting strategies, Indexed Strategy 1, which uses a S&P 500® point-to-point crediting method with no Threshold Rate and Indexed Strategy 2 which uses a S&P 500® point-to-point crediting method with no Earnings Cap and a focus on the Threshold Rate.

Each transfer to an indexed strategy creates a distinct Indexed Segment with a segment length of one year. Indexed Segments are only created once per calendar month. The illustrated values reflect the assumption that Indexed Segments are immediately created. Index Earnings are credited to each Indexed Segment on the annual segment anniversary. Index Earnings are not calculated or credited between segment anniversaries. Each Indexed Segment will have a Participation Rate, an Index Earnings Cap and a Threshold Rate, which are determined in advance for each twelve-month period and are subject to change on each segment anniversary.

The Index for these strategies will be the S&P 500® Index, excluding dividends. The Annual Index Growth for an Indexed Segment is calculated on the segment anniversary based on the performance of the Index.

“Standard & Poor’s®”, “S&P®”, “S&P 500®”, and “Standard & Poor’s 500™” are trademarks of Standard & Poor’s and have been licensed for use by Life Insurance Company of the Southwest. This Product is not sponsored, endorsed, sold or promoted by Standard & Poor’s and Standard & Poor’s makes no representations regarding the advisability of investing in the Product. The S&P Composite Index of 500 stocks (S&P 500®) is a group of unmanaged securities widely regarded by investors to be representative of large-company stocks in general. An investment cannot be made directly into an index.

For Indexed Strategy 1 and 2 the Annual Index Growth is calculated as the percentage increase in the Index, if any, from one segment anniversary to the next segment anniversary.

The Index Earnings for an Indexed Segment on the segment anniversary are calculated as the Annual Index Growth for the segment, multiplied by the segment’s Participation Rate, with this product minus the Threshold Rate, if any, adjusted so that it is no less than 0% and no greater than the segment’s Index Earnings Cap.

At the end of the one-year segment length, the value in that segment is transferred to the Basic Strategy for automatic reallocation using the strategy allocation in force at that time.

The reallocation of funds from the Basic Strategy to the Fixed Term Strategy and/or the Indexed Strategies may be changed by the Owner upon request.

Indexed Strategies Disclosure (continued)

The overall Maximum Illustrated Rate for all indexed strategies is based on an average annual look-back rate for a **Benchmark Indexed Account** using all of the possible 25-year periods from the most recent 65 calendar years, or the average annual look-back on the current parameters of the specific strategy. The Benchmark Indexed Account is defined as using the S&P500® Index using an annual point-to-point crediting method with a 10.50% Cap Rate, 100.00% Participation Rate, and a 0.00% Floor.

The average, minimum and maximum look-back rates for the Benchmark Indexed Account are shown below:

Benchmark Indexed Account Look-Back Rate			
	Minimum	Average	Maximum
Look-Back Rate	5.23%	6.38%	7.26%

The historical rates shown below are determined by applying the current Cap, Participation, Threshold and Floor Rates to the most recent 20 full calendar years of historical index performance. If no index value was published on the beginning and end dates of the calendar year, then the most recent previous index value was used to determine the historical rate.

The actual credited rates will vary based on the actual change in the index and actual declared Cap, Participation and Threshold Rates within each index segment. These figures do not represent actual interest that would have been credited because the Cap Rate, Participation Rate and Threshold Rate would have changed over time and actual results would have been different. There are administrative, cost of insurance and other charges associated with the Life Scope IUL policy. The historical returns by strategy do not reflect these charges. It is not meant to predict future performance. It is not possible to know in advance what the actual credited rate will be.

Face Amount: \$65,000

Death Benefit Option: A (Level)

Initial Premium: \$110.00 Monthly

State: Maryland

Indexed Strategies Disclosure (continued)

The chart below reflects the current and guaranteed Cap Rates, Participation Rates, Threshold Rates and maximum illustrated rate for each Indexed Strategy. The current rates are not guaranteed and are subject to change from time to time based on expectations of future anticipated experience, but will never be worse than the guaranteed rates. Future anticipated experience can include, but is not limited to, investment earnings, mortality, persistency, taxes and expenses.

Indexed Crediting Method

	S&P500® Indexed Strategy 1	S&P500® Indexed Strategy 2
Current Cap Rate	10.50%	No Cap
Guaranteed Cap Rate	3.10%	5.00%
Current Participation Rate	100.00%	100.00%
Guaranteed Participation Rate	100.00%	100.00%
Current Threshold Rate	No Threshold	4.00%
Guaranteed Threshold Rate	No Threshold	20.00%
Maximum Illustrated Rate	6.38%	6.38%

The illustrated assumed interest rates cannot exceed the maximum illustrated rates allowed by the company, as shown above. The maximum illustrated rate for all indexed strategies is defined as the lesser of the average annual look-back rate for the Benchmark Indexed Account using all of the possible 25-year periods from the most recent 65 calendar years, or the average annual look-back on the current parameters of the specific strategy.

The historical performance of the S&P500® Index should not be considered a representation of past or future performance of any of the Indexed Strategies available in this policy, nor is it an estimate of the returns that a policyholder can expect based on the current Cap, Participation and Threshold Rates. The future rate credited for any of these strategies may be less than or greater than the non-guaranteed assumed interest rates used in this illustration.

The **Participation Rate** is the maximum percentage of the annual increase in the Index that will be credited. For example: The one year increase in the Index is 10%. If the Participation Rate is 90%, then 9% would be used to calculate the interest credit [10% x 90%=9%].

The **Cap** is the maximum earnings percent that will be credited. For example: The Participation Rate is 100% and there is a Cap of 12%. If the one year increase in the Index is 14%, the earnings will be capped at 12%.

The **Threshold Rate** reduces the annual increase in the Index that will be credited. For example: The one year increase in the Index is 10%. If the Threshold Rate is 4%, then 6% would be used to calculate the interest credit [10% - 4% = 6%].

Additional examples:

The one year increase in the Index is 12%, if the Participation Rate is 100%, the Threshold Rate is 4% and there is no Cap, then 8% would be used to calculate the interest credit $\text{Max}[\text{Min}(12\% \times 100\% - 4\%, \text{No Cap}), 0] = 8\%$.

The one year increase in the Index is 12%, if the Participation Rate is 100%, the Threshold Rate is 4% and there is a Cap of 6%, then 6% would be used to calculate the interest credit $\text{Max}[\text{Min}(12\% \times 100\% - 4\%, 6\%), 0] = 6\%$.

Participation Rates, Cap Rates and Threshold Rates are subject to change annually for a given indexed segment.

Indexed Strategies Disclosure (continued)

Regardless of the Strategy, each index segment has a 1-year term, during that period it is expected that the value of the S&P500® will change, positively or negatively. In the event the market declines, Life Scope has a built-in 0% interest crediting floor. The Floor is the minimum earnings percent that will be credited.

For Life Scope, the minimum annual rate of interest credited to funds in the fixed-interest strategy and basic strategy is 2.50% and the minimum interest credited in the indexed strategies is 0% each year and a guaranteed minimum interest rate of 2.50% upon death or full surrender of the policy.

Life Scope Indexed Universal Life insurance has a 10 year declining surrender charge. Surrender charges may reduce the policy's cash value in early years. The policy's cash surrender value is the accumulated value less the surrender charges, less any debt due to policy loans.

Failure to maintain the index segment to segment maturity (the next crediting date for the index strategy segment) will result in no participation in the index. Each crediting period is 1 year in length. Index earnings are credited to each indexed segment at the end of the crediting period. Each indexed segment will have a Participation Rate, an Index Earnings Cap and a Threshold Rate, which are determined in advance for each crediting period. On each segment anniversary of an indexed segment, the index growth for that segment will be calculated, as a function of the index performance over the previous crediting period. Excess Interest Formula: Index earnings for each indexed segment are calculated at the end of the crediting period as follows: index growth is multiplied by the segment's Participation Rate, minus the Threshold Rate, if any, adjusted so that this rate is no greater than the segment's Index Earnings Cap, and no less than 0%; multiplied by the value in the indexed segment value. Index earnings are not direct participation in any stock or investment. Upon death of the insured, a death benefit equivalent to the death benefit at the time of the insured's death less any policy debt and less other amounts owed to the insurance company will be paid to the beneficiary.

Non-Guaranteed Assumed Interest Rates

The illustration of current values assumes the following interest rates and strategy allocation:			
Strategy	Initial Allocation	Current Illustrated Interest Rate	Alternative Current Illustrated Interest Rate
Basic Strategy		3.00%	3.00%
Fixed-Term Strategy	0%	3.00%	3.00%
Indexed Strategy 1, S&P500® point-to-point Cap Focus	50%	6.38%	3.00%
Indexed Strategy 2, S&P500® point-to-point Threshold Focus	50%	6.38%	3.00%

The historical performance of the S&P 500® Index should not be considered a representation of past or future performance for either of the Indexed Strategies available in this policy. The future yield performance for either of these strategies may be less than or greater than the non-guaranteed assumed interest rates used in this illustration.

For illustrative purposes, a weighted average interest rate is used to compute policy values. This weighted average interest rate varies by policy year, and is based upon several assumptions including: the amount of money required in the Basic Strategy; the allocation between the other three strategies indicated above; and the premium planned for the full year. Values are based on a simplifying assumption that interest is credited daily. Please refer to your policy for information on how interest credits are calculated on this product.

The policy as shown using the Alternative Current Illustrated Rate will lapse in policy year 39 unless a higher premium is paid. This is based on the alternative current interest rates credited and current charges by the Company.

* Benefits and values are not guaranteed. The assumptions on which they are based are subject to change by the insurer. The rates for the Accumulated Value Enhancement, Percent of Premium Expense Charge, Monthly Cost of Insurance, Monthly Expense Charge per Thousand, Monthly Policy Fee, Monthly Percent of Accumulated Value Charge and Rider Charge, if any, will be determined by the Company and may change from time to time based on expectations of future anticipated experience. Future anticipated experience can include, but is not limited to, investment earnings, mortality, persistency, taxes and expenses which may affect these assumptions. Actual results may be more or less favorable. See prior pages for guaranteed values.

Proposed Insured / Annuitant: Monica McDonald

Consent to Do Business Electronically

What is the purpose of this Consent?

If you continue with this electronic application for a life insurance policy or annuity contract issued by National Life Insurance Company or Life Insurance Company of the Southwest ("we", "us", "our"), you are expressing your desire to conduct business electronically with us. To conduct business electronically, you may be required to provide us, and our authorized designees and agents, with your consent and your e-mail address. By continuing with this electronic application, you will be providing us and our authorized designees and agents with your consent to conduct this transaction electronically and to all of the terms and conditions of this consent.

This consent covers your agreement to be bound with the same force and effect as if you had signed your name on paper by hand. You understand that by continuing with this electronic application that you are giving your electronic signature to your request. You agree to maintain the security of your Internet access and e-mail address.

What kinds of transactions may be conducted electronically?

Currently, the only transaction that may be conducted electronically is the application for a life insurance policy or an annuity contract, and electronic delivery of certain notices, disclosures and our privacy policy provided in connection with your application. Even though you have provided us with this consent, we may, at our option: (a) deliver documents and information to you on paper, and (b) require that certain communications from you be delivered to us on paper.

If I prefer to use paper instead of conducting a transaction electronically, may I use paper?

Yes. If you do not wish to apply for life insurance electronically, please do not proceed with this electronic application and ask your agent to provide you a paper application.

How long will this consent remain in effect?

This consent shall become effective as soon as you click "I AGREE" below and remains in effect throughout the purchase transaction. This consent does not apply to any future transactions with us.

What if I change my mind?

If you change your mind about applying electronically, you should not proceed with an electronic application. Instead, ask your agent to provide you a paper application.

What if my e-mail changes?

If your e-mail changes after you have provided it to your agent but before you have electronically signed your application, please let your agent know right away.

FACTS	WHAT DOES NATIONAL LIFE INSURANCE COMPANY ("NLIC") AND LIFE INSURANCE COMPANY OF THE SOUTHWEST ("LSW") (each herein referred to as "the Company", and collectively as "the Companies") DO WITH YOUR PERSONAL INFORMATION?	
Why?	We know how much your privacy means to you so we want you to understand how we collect and share your personal information. Please read this notice carefully to understand what we do and what rights you have.	
How and what do we collect?	<p>We collect your personal information:</p> <ul style="list-style-type: none"> • From you, including application information, such as assets and income and identifying information, such as name, address, and social security number; • From your transactions with us, our affiliates, and nonaffiliates, such as balance information, payment history, and parties to a transaction; • From consumer reporting agencies, such as creditworthiness and credit history; and • With your authorization, medical information from other individuals or businesses. 	
How do we share?	In the section below, we list some of the reasons the Company may share their customers' personal information; the reasons we choose to share personal information about you, and whether you can limit this sharing.	
Reasons we can share your personal information	Do the Companies share?	Can you limit sharing?
For our everyday business purposes - such as to process your transactions, to respond to court orders and legal investigations, to prevent fraud, to our regulators, to group policyholders, and other disclosures to affiliates and nonaffiliates as permitted by law	YES	NO
For our marketing purposes - to offer our products and services to you	YES	NO
For joint marketing with other financial companies	NO	We don't share
For our affiliates' everyday business purposes - information about your transactions and experiences	YES	NO
For our affiliates' everyday business purposes - information about your creditworthiness	NO	We don't share
For our affiliates to market to you	NO	We don't share
For nonaffiliates to market to you	NO	We don't share
To whom?	<ul style="list-style-type: none"> • When we disclose your personal information for the reasons discussed above, we do so to our affiliates and to nonaffiliates. • Our affiliates include NLIC, LSW, Equity Services, Inc. and Sentinel Investments*. • The nonaffiliates to whom we disclose your personal information include those who perform services on our behalf. • We require the parties to whom we disclose your information to protect it and keep it confidential. 	
How do we protect?	<ul style="list-style-type: none"> • To protect your personal information we restrict access to personal information to those individuals, such as employees and agents, who provide you with our products and services. • We require those individuals to protect it and keep it confidential. • We maintain physical, electronic and procedural safeguards that comply with applicable standards to guard your information in accordance with the policies described in this notice. 	

Confidentiality of information for victims of domestic violence or abuse	<p>The Companies have established policies and procedures to safeguard personal information, including contact, location or other confidential abuse information, for victims of domestic abuse and children residing with those victims. A “protected person” is a victim of domestic violence or abuse who notifies the Companies and requests confidential treatment of their personal information.</p> <p>If you wish to be a protected person or otherwise request confidential treatment of your information or that of your children and/or provide alternative contact information, please send your written request to the address listed below.</p>
Other important information	<ul style="list-style-type: none"> • You have certain rights to access the personal information we maintain about you if it is reasonably locatable and retrievable. • To obtain your personal information, submit a written request to the email or mail address below. You have certain rights to correct, amend, or delete information we maintain about you. • To correct, amend, or delete information we maintain about you, submit a written request to the email or mail address below. • If we agree to your request, we will correct, amend, or delete your information as applicable and notify affected parties as required by law. • If we do not agree to your request, you may file a concise statement regarding your information, which will be provided to affected parties as required by law. • Before we disclose information about your creditworthiness or your personal information other than as discussed above (which we do not currently do) we will provide you the opportunity to opt out of such disclosures. • Finally, information obtained from a report prepared by an insurance-support organization may be retained by the insurance-support organization and disclosed to other persons.
Questions?	<p>For more information, please contact us at</p> <ul style="list-style-type: none"> • Email: NLGCompliance@nationallifegroup.com • Phone: 800-732-8939 • Mail: National Life Group Market Conduct and Compliance M530 One National Life Drive Montpelier, VT 05604

*Sentinel Investments is the unifying brand name for Sentinel Financial Services Company, Sentinel Asset Management, Inc., and Sentinel Administrative Services, Inc.

Conditional Receipt (to be given to applicant only upon (a) premium payment to agent or (b) completion of Part F of the application in good order and checking "EFT" as the Initial Premium Payment Method) (Not to be used for Qualified Pension or Profit Sharing Trust.)

NOTE: ALL PREMIUM CHECKS SHOULD BE MADE PAYABLE TO LIFE INSURANCE COMPANY OF THE SOUTHWEST.

Do not make a check payable to the agent or leave the payee blank.

This receipt may not be used (and will be deemed void) if (a) either at least the first full modal premium does not accompany the application or Part F of the application is not completed in good order with "EFT" checked as the Initial Premium Payment Method or (b) the application is not accurately and fully completed in good order, including (without limitations) Parts A-J of the application. No agent or medical examiner may waive a complete answer to any question in the application.

Check one:

- Checkboxes for Part F completion and other conditions.

If the check or draft, as applicable, when processed is returned as insufficient funds, no coverage is provided under this receipt.

Coverage under this receipt shall not exceed the face amount(s) applied for or \$1,000,000, whichever is less. If a Proposed Insured dies by suicide, Life Insurance Company of the Southwest's (LSW) liability under this receipt is limited to a full refund of the premium paid.

Coverage under this receipt will begin on the LATER of:

- Options a, b, and c for when coverage begins.

Termination of Coverage. Coverage under this receipt will end on the FIRST of:

- Options a, b, c, and d for when coverage ends.
