If your needs change, convert from Term to Permanent Insurance

No cost conversion feature allows you to convert your term policy to a Life Insurance Company of the Southwest permanent insurance product with no additional evidence of insurability.

The conversion period ends 15 years from the term policy date of issue or age 70 if sooner. Unlike term insurance, permanent insurance builds cash value which can be accessed using policy loans and withdrawals during your lifetime for emergencies, to take advantage of opportunities, or to supplement your retirement income.

The new permanent policy will be issued at an equivalent rate class regardless of changes in health.

The use of one benefit may reduce or eliminate other policy and rider benefits.

The optional Accelerated Benefit Riders (ABR) offer you flexibility to access your death benefit if you have a qualifying Terminal, Chronic, Critical Illness or Critical Injury¹

Terminal Illness

As an example, if the full, available death benefit is accelerated, the discounted benefit for Ricardo Michael Tiggie (Base) would be about **\$731,536** at age **40**.

Chronic Illness

As an example, if the full, available death benefit is accelerated each month, the monthly discounted benefits for Ricardo Michael Tiggie (Base) are projected to be:

Age 37: \$4,666 **Age 39:** \$5,055 **Age 41:** \$5,468 **Age 45:** \$6,306

Critical Illness OR Critical Injury

As an example, if the full, available death benefit is accelerated, the discounted benefits for Ricardo Michael Tiggie (Base) are projected to be:

Age	Category 1 Minor	Category 2 Moderate	Category 3 Severe	Category 4 Life Threatening
37	\$28,500	\$190,539	\$415,814	\$693,003
39	\$31,465	\$199,487	\$421,840	\$692,941
41	\$34,185	\$208,868	\$428,365	\$692,816
45	\$37,640	\$227,480	\$441,600	\$692,055

You can accelerate up to 100% of the death benefit, subject to an ABR Benefit limit of \$1,500,000 on the total death benefit accelerated under this policy for terminal and chronic illness and an ABR Benefit limit of \$1,000,000 on the total death benefit accelerated under this policy for critical illness and critical injury. Any claim for critical illness or critical injury benefits for a given Qualifying Event must be filed within 365 days following the occurrence of such Qualifying Event. For chronic illness, the death benefit you can accelerate is subject to a monthly limit to the lesser of 2% of the discounted death benefit or \$30,000. The death benefit will be reduced by the amount of the death benefit you decide to accelerate. A discount factor will be applied to the death benefit accelerated because it is being paid prior to the actual death benefit. As a result, the actual benefit paid will be less than the amount of death benefit accelerated. Please refer to the Narrative Summary for further information about these riders.

The use of one benefit may reduce or eliminate other policy and rider benefits.

The sample benefits shown assume current accelerated benefits mortality table and interest at 6.5%. The benefits and values shown above are not guaranteed. The assumptions on which they are based are subject to change by the insurer. Actual results may be more or less favorable. This presentation is not valid unless accompanied by a complete Statement of Policy Cost and Benefit Information.

Subject to state approval, the qualifying events may include: coma, paralysis, severe burns and traumatic brain injury. Please see the rider for a complete list of the qualifying events covered. There is no premium for this rider. However, the actual payment will be less than the portion of the death benefit accelerated because the benefits are paid prior to death.

Important Information Regarding Optional Accelerated Benefit Riders

Death Benefits, cash values and loan values (for policies with such values) will be reduced if an Accelerated Benefit is paid. The Accelerated Benefits offered under this rider are intended to qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration-of-life-insurance benefits qualify for favorable tax treatment, the benefit will be excludable from your income and not subject to federal taxation. Tax laws relating to acceleration-of-life-insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration-of-life-insurance benefits excludable from income under federal law.

Receipt of acceleration-of-life-insurance benefits may affect your, your spouse's or your family's eligibility for public assistance programs, such as medical assistance (Medicaid), Aid to Families with Dependent Children, and Supplemental Security Income (SSI). You are advised to consult with a qualified tax advisor and with social services agencies concerning how receipt of such payment will affect you, your spouse's and your family's eligibility for public assistance. Riders are optional and may not be available in all states.

We currently limit the amount of benefits that may be paid under this policy for terminal and chronic illness at \$1,500,000 and we currently limit the amount of benefits that may be paid under this policy for critical illness and critical injury at
